**DEGREE NOTES:**

\* Approved Elective courses should always be chosen based on your major and the transfer institution.

\*\* Please consult with department advisors to select appropriate 4000 level electives. Bachelor of Science in Economics majors may take up to 45 hours of economics.

A minimum of 120 hours is required for the Bachelor of Science in Economics.

Free Elective hours do not count towards the total required for graduation at the University of Missouri-St. Louis.

Students completing a degree from a Missouri community college that includes a CBHE approved general education core will be allowed transfer credit of more than 64 hours only if the additional lower division credits are applicable to the baccalaureate degree or are prerequisites for upper division courses in the major.

A maximum of 60 hours may transfer without the completion of a degree including a CBHE approved general education core.

Please seek advisement from your SLCC Academic Advisor for assurance of Associates degree completion.
