

# JEFFERSON COLLEGE AAT TRANSFER GUIDE TO UNIVERSITY OF MISSOURI – ST. LOUIS BACHELOR OF SCIENCE IN ELEMENTARY EDUCATION

This Guide is intended for the use of students who plan on transferring from Jefferson College (JC) with a completed Associate of Arts in Teaching to the University of Missouri – St. Louis (UMSL) to pursue a Bachelor of Science in Elementary Education. For more information on this degree program, please visit our online course catalog.

---

The following are the requirements of the Jefferson College Associate of Arts in Teaching degree program as they are recommended for students intending to continue to UMSL. Completing these requirements as they are recommended here will maximize the transferability of a student's coursework toward their UMSL Bachelor's degree. Further details of this Associate degree program, as well as comprehensive lists of courses that satisfy each General Education component, may be found within the Jefferson College course catalog or may be obtained through a JC academic advisor.

Due to course requirements for professional licensing, CORE 42 is not the suggested route for transfer for those seeking a Bachelor of Science in Education degree from UMSL. Students may opt for CORE 42, but additional general education courses may be needed due to DESE requirements

This guide is intended for use under advisement of a JC Academic Advisor or UMSL Admissions Counselor and is not considered to be substitution of such advisement.

***All students at UMSL seeking the Bachelor of Science in Elementary Education must choose an additional certification area. Options for the additional certification are: Special Education, TESOL, or a combination of both.***
