ST. LOUIS COMMUNITY COLLEGE TO THE UNIVERSITY OF MISSOURI – ST. LOUIS BACHELOR OF SCIENCE IN MECHANICAL ENGINEERING TRANSFER GUIDE

This Guide is intended for the use of students who plan on transferring from St. Louis Community College (STLCC) to the University of Missouri – St. Louis (UMSL) to pursue a Bachelor of Science in Mechanical Engineering through the UMSL/Washington University (WUSTL) Joint Engineering Program. Students also have the option to pursue an Associate in Science at STLCC prior to transferring to UMSL, although it is not the recommended option. For more information on this degree program, please visit our online course catalog.

The UMSL/WUSTL Joint Engineering Program offers UMSL students the opportunity to pursue a variety of engineering degree options while taking advantage of the resources, facilities, and faculty provided at WUSTL. The upper-division engineering courses are offered in the evenings and on Saturdays on the WUSTL campus and are taught by WUSTL faculty. This schedule permits students to co-op during the day at local engineering firms. Tuition for the engineering courses is the UMSL tuition rate with a small additional fee. Students of this program are also able to utilize student services provided by both institutions. For more information on the UMSL/WUSTL Joint Engineering Program, please visit their website.

This guide is intended for use under advisement of an STLCC Academic Advisor or an UMSL Transfer Advisor and is not considered to be substitution of such advisement.

PRE-ENGINEERING SEQUENCE

The following requirements must be completed for a student to be eligible to take formal Engineering courses through the UMSL/WUSTL Joint Engineering Program. These requirements may be completed at either UMSL or STLCC and included here are any STLCC courses that fulfill corresponding requirements. Unless stated otherwise, all pre-engineering courses must be completed with a C- grade or higher to fulfill the requirements of this program.

☐ A student must earn a 2.75 GPA over this sequence of pre-engineering courses.
☐ Chemistry - CHM 105 General Chemistry I (MOTR CHEM 150L) (5)
☐ Calculus I, completed a C grade or higher - MTH 210 Analytic Geometry & Calculus I (5)
☐ Calculus II - MTH 220 Analytic Geometry & Calculus II (5)
☐ Calculus III - MTH 230 Analytic Geometry & Calculus III (5)
☐ Differential Equations - MTH 240 Differential Equations (3)
☐ Calculus-Based Physics I - PHY 122 Engineering Physics I (MOTR PHYS 200L) (5)
☐ Calculus-Based Physics II - PHY 223 Engineering Physics II (5)
☐ Engineering-Statics - ESC 203 Engineering Mechanics I (3)
☐ Engineering-Dynamics - ESC 204 Engineering Mechanics II (3)
GENERAL EDUCATION

The following are the general education requirements of the UMSL/WUSTL Joint Engineering Program. It is recommended that the student complete these requirements while completing those above in the pre-engineering sequence. Included here are any STLCC courses that fulfill corresponding requirements.

☐ First-Year Writing - Complete 1 course from the following with C- grade or higher:
  - ENG 101 Composition I (MOTR ENGL 100) (3)
  - ENG 102 Composition II (MOTR ENGL 200) (3)

☐ Engineering Ethics - This course must be completed at UMSL.

☐ Philosophy of Science - This course must be completed at UMSL.

☐ American History - Complete 1 course from the following:
  - HST 101 United States History to 1865 (MOTR HIST 101) (3)
  - HST 102 United States History from 1865 to the Present (MOTR HIST 102) (3)

☐ Cultural Diversity Social Science - ANT 102 Intro to Cultural Anthropology (MOTR ANTH 201) (3)

☐ Additional Social Science - Complete 2 additional courses in Social Sciences from MOTR list
