

Vinayak Rajagopal

Regional Director, South East Asia
International Government Services & Defense
Boeing Global Services

Vinayak Rajagopal currently leads international services business in Boeing Global Services, and is responsible for growing and executing services programs supporting military customers in the South East Asia region including India and Australia. His responsibilities include leadership, growth and performance of Services business in the region supporting Boeing defense products and services. Key areas of his responsibilities include life cycle sustainment services, training simulation systems and services, and modification & upgrade. Sustainment support encompass innovative and tailored sustainment approaches such as performance based logistics with partnership of local industry for broader indigenization. He joined Boeing in 1993, and held several leadership positions in disciplines such as supply chain management, program management, quality, and Operations.

Rajagopal holds a bachelor's degree in mechanical engineering from Indian Institute of Technology, Madras-India, master's degree in Industrial Engineering from University of Cincinnati, and a master's degree in business administration. He served as adjunct faculty at California State University, Long Beach, Keller Graduate School of Business, and Fontbonne University, St. Louis focusing on Business and Supply Chain curriculum. He served as a senior examiner for Malcolm Baldrige National Quality Award. He currently resides in Saint Louis, Missouri with his family.
