

Microsoft Edge

1. Select the three dots  shown in the upper right-hand corner of the browser.
2. From the drop-down menu, select **Settings**.
3. On the left-hand side of this menu, select the **Site Permissions** option
4. In the **Site Permissions** section, select the option for **Pop-ups and redirects** – currently the 10th option down.

5. Clicking the slider next to **Block (recommended)** to **Off** will allow pop-up on all websites in this browser.
6. To allow pop-ups for MyView only, click **Add** next to **Allow** and enter **myview.umsl.edu** into the **Add a Site** Dialogue box.
