

## Firefox

1. Open the Firefox Menu by clicking this icon  in the upper right-hand corner.
2. Choose **Options** from the menu
3. Select **Privacy and Security** from the left-hand side of Options page.
4. Scroll down to the **Permissions** category.
5. You should see a checkmark next to the **block popup windows** option.  
Unchecking this box will allow **ALL** pop-ups from all websites.

### To only allow pop-ups from MyView:

Block pop-up windows

**Exceptions...**

6. Click the **Exceptions** button to the right of the **block pop-up windows** option as shown above.
7. Type in **myview.umsl.edu** for Address of web site
8. Click **Allow** to add this to the list of allowed sites
9. Click **Save Changes** on the Allowed Sites screen to save the exception.

### Shortcut:

Alternatively, you could click the **Options** button that shows on the yellow information bar when a page has been blocked from opening. (see below)

Then click **Allow pop-ups from myview.umsl.edu**
