About the University

The University of Missouri–St. Louis

Much like our graduates, the University of Missouri–St. Louis is also a success story.

As the largest public research university in Missouri’s most populous and economically important region, the University of Missouri–St. Louis provides excellent learning experiences and leadership opportunities to a diverse student body whose influence upon graduation is immense. No other university brings more to bear on the advancement of St. Louis than UMSL – which is fitting for a campus created just for that purpose.

In 1963, the university opened on the grounds of a closed golf course in Normandy, Missouri, out of a need to bring affordable, public education to the region. It had one building, a modest faculty and fewer than 700 students. Today, UMSL is spread across 450 acres of rolling hills in suburban St. Louis County and enrolls nearly 15,000 students. While UMSL’s more than 108,000 graduates are located in all 50 states and nearly 100 countries around the world, their greatest impact is felt right here in St. Louis where more than 75,000 alumni live, work and thrive in the region.

UMSL is a Tier 1 research university – one of four in Missouri – and ranks No. 118 nationally among all public universities. Last year, UMSL was included in U.S. News & World Report’s inaugural “Top Performers for Social Mobility” rankings which measures how well universities educate and graduate Pell Grant eligible students. UMSL remains among the nation’s top performers in this area in this year’s annual rankings. The university is also a a five–time recipient of the Higher Education Excellence in Diversity Award from Insights into Diversity magazine – the only Missouri university to earn this prestigious recognition repeatedly. Forbes Magazine has even named UMSL one of ‘America’s Best Colleges.’

For nearly 60 years, the University of Missouri–St. Louis has been a beacon of hope, a force for good and a leader in the pursuit of excellence in education, meaningful research and community service. As this mission continues into the future, everyone at UMSL remains committed to providing much more than exceptional educational experiences.

We transform lives.

As the metropolitan, land-grant, research institution serving the most diverse and economically important region in Missouri, the University of Missouri–St. Louis delivers exceptional educational, research and engagement experiences that inform, prepare, challenge and inspire.

Academic excellence.

UMSL’s fundamental purpose is to educate and graduate diverse students as they seek different and better lives. Our academic programs emphasize student growth through research, internship opportunities, and one-on-one attention.

Our eight colleges and schools, as well as our joint engineering partnership, are anchored by our award–winning faculty and nationally–ranked programs, offering each student a high quality, invaluable and diverse educational opportunity.

About Commencement

Banners In addition to the coloring presented in the academic attire, each college is also represented on the university’s commencement banners. The side panels of the banners are red and gold, the colors of the University of Missouri-St. Louis. The color of the center section, which bears the seal of the university, represents the academic college.

Candidates The commencement program is a roster of candidates from the Office of the Registrar, not an official list of graduates. The appropriate degrees and honors will be awarded to candidates who have successfully completed all requirements by the date of commencement.

The Seal of the University of Missouri
The seal was adopted March 31, 1903. The straight perpendicular lines on the printed shield denote courage. The grizzly bear of Missouri is walking leisurely with face turned toward the observer. A new moon is outlined in blue, and in the lower right corner appears the arms of the United States of America. Appearing on an open book is the motto of the university, Salus Populi, The Welfare of the People. Sigill Universitatis Missourien MDCCCXXXIX means the seal of the University of Missouri 1839, the year the university was established as the first state university west of the Mississippi River. The seal can be seen on the UM System flag located on the stage, to the right of the American flag.

He then joined Sigma-Aldrich, where he served as controller, vice president/treasurer, and chief financial officer. During his 34-year career, the company’s revenue soared from $68 million in 1978 to over $2.6 billion in 2012 when he retired. Mr. Richer spent his ten years of retirement as a dedicated volunteer, fundraiser and a humble, generous supporter for causes that had special meaning for him, including the Boy Scouts of America, Mercy Hospital St. Louis, St. John UCC Manchester and the University of Missouri–St. Louis.

A 1996 Distinguished Alumni Award recipient, Mr. Richter along with his wife, Maureen, BS 1974, were awarded the E. Desmond and Mary Ann Lee Medal, UMSL’s top philanthropy recognition in 2017. WILLIAM WOODROW "BILL" GWALTNEY

William Woodrow “Bill” Gwaltney

WILLIAM WOODROW "BILL" GWALTNEY is a seventh generation native of Washington, D.C., and a descendant of working class African Americans. Gwaltney attended Marietta College in Ohio and the University of Maryland at College Park.

While with the National Park Service, he developed a number of diversity, outreach, and recruiting programs, created several museum exhibits focusing on African American history and designed and led a week-long 19th century cavalry “Camp of Instruction” at the Fort Laramie National Historic Site in Wyoming.

Gwaltney is the recipient of numerous citations and awards for acts ranging from “Excellence in Interpretation” to saving a life in an emergency.

Now retired, Gwaltney serves on a number of national boards of directors. He was also a faculty mentor at the University of Missouri–St. Louis, where he taught an online Ed.D. Program, “Heritage Leadership,” focused on the intersection of education, social justice, community leadership, and heritage commemoration.

Students of the Pierre Laclede Honors College pursue any major they choose and complete either a two-year or a four-year honors program. Each student shares in a challenging and innovative curriculum, which occupies one-third of their undergraduate career.

The honors experience also requires independent study under the supervision of individual faculty. These projects include guided reading, supervised undergraduate research and/or academic- or career-related internships and public service projects. To this work, honors students bring their intelligence and a wide diversity of experience and values – among the college’s most precious assets. Completion of the program marks a significant achievement.
