## Biology, Undergraduate General Requirements

## General Education Requirements

Students must satisfy the university and college general education requirements. Some Biology courses may be used to meet the science and mathematics requirement of the university.

Candidates for the B.A. degree must fulfill the foreign language requirement of the College of Arts and Sciences. There is no foreign language requirement for the B.S. degree.

## Satisfactory/Unsatisfactory Option

Up to 18 credit hours may be taken on a satisfactory/ unsatisfactory ( $\mathrm{s} / \mathrm{u}$ ) basis. Excluded from this option are required courses in biology, chemistry, physics, and mathematics.

## Non-major Biology Courses

The following 1000 level biology courses do not count toward the biology credit hours required for a major in biology. Moreover, if biology majors take these courses, they are treated as biology courses when computing the 70 credit hours outside of biology needed to be included in the 120 total credit hours required for graduation.

| BIOL 1012 | General Biology: The Science of Life (MOTR <br> BIOL 100) | 3 |
| :--- | :--- | ---: |
| BIOL 1013 | General Biology Laboratory: The Science of <br> Life | 1 |
| BIOL 1102 | Human Biology (MOTR LIFS 150) | 3 |
| BIOL 1110 | Nutrition in Health | 3 |
| BIOL 1131 | Human Physiology and Anatomy I | 4 |
| BIOL 1141 | Human Physiology and Anatomy II | 4 |
| BIOL 1150 | Concepts in Health and Wellness | 3 |
| BIOL 1162 | General Microbiology | 3 |
| BIOL 1202 | Environmental Biology | 3 |
| Justification for request: <br> This update includes the addition of two new courses to the list of non-majors courses that will <br> not count for the Biology BS or BA degrees. |  |  |
