

New Program Proposal

Business Administration, BS, Information Systems and Technology Emphasis

Emphasis Area Requirements

INFSYS 3830	Data Programming	3
INFSYS 3848	Introduction to Information Security	3
INFSYS 3862	Artificial Intelligence Applications for Business	3
INFSYS 4800	IT Leadership	3
INFSYS 4847	IT Project Management	3
Elective		3
One additional INFSYS course ¹		
Total Hours		18

¹ A course in a related-field may be taken with approval of the department chair.

Rationale The emphasis in Information Systems and Technology will provide BSBA eLearning students an overview of some of the IST department's current competencies, i.e., Business Intelligence, Cybersecurity, as well as the management of disruptive IT such as AI. It will enable students to become more effective managers by understanding the interface with IT managers as well as the alignment of business plans with IT plans.
