

# Business Administration, Master - Information Systems **and Technology** Emphasis Area

## Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in Information Systems **and Technology** must complete a minimum of ~~12~~ 9 hours of Information Systems **and Technology** electives beyond INFSYS 5800 (INFSYS 5800 does not count toward the emphasis in Information Systems **and Technology**). A maximum of 15 hours in any functional area will count toward degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable. ~~Students must complete at least 30 credit hours to earn the MBA.~~

### Rationale

Please note name change. Emphasis credit hour requirements are reduced from 12 credits to 9 credits in order to make emphasis area requirements consistent across MBA emphasis areas. Emphasis area requirements are made more clear by removing note on MBA credit hour length. Certificate title now reflects department name change.
