

Business Administration, Master - International Business Emphasis Area

Emphasis Area Requirements

Master of Business Administration (MBA) students seeking an emphasis in International Business must complete a minimum of ~~12~~ 9 credits from International Business courses or courses approved by the director of the International Business Institute. A maximum of 15 hours in any functional area will count toward degree requirements. Only courses that are substantially different from courses taken for credit in a student's undergraduate program will be acceptable. ~~Students must complete at least 30 credit hours to earn the MBA.~~

Rationale

Emphasis credit hour requirements are reduced from 12 credits to 9 credits in order to make emphasis area requirements consistent across MBA emphasis areas. Emphasis area requirements are made more clear by removing note on MBA credit hour length.
