All electives taken outside the College of Arts and Sciences also must receive prior approval of the Graduate Committee.

Justification for request:

We are removing Proseminar from our required courses. The Proseminar course no longer fits our curricular needs. The course originally intended to serve as a way to introduce graduate-level coursework to students, but this is achieved through other courses, such as Foundations of Criminological Theory, Methods, and Statistical Applications in Criminology and Criminal Justice.

We are also adding 3 hours of electives. These additional 3 hours are to balance out the proposed removal of Proseminar from the core courses. This will give students increased flexibility in choosing a wider variety of courses, while retaining the same number of credits to graduate.
