

Computer Science Administrative Information

Department Name

Computer Science

Curricular Designation(s)

Subject Code: CMP SCI

1. Short Description: Cmp Sci
2. Long Description: Computer Science
3. Organizational Code: S003100

Subject Code: GIS

1. Short Description: GIS
2. Long Description: Geographic Information Systems
3. Organizational Code:

Degrees

Computer Science BS

Computing Technology BS

Cybersecurity, Computer Science emphasis BS

Computer Science MS

Cybersecurity, Computer Science emphasis MS

Mathematics and Computational Statistics, Computer Science emphasis PhD

Minors

Computer Science Minor

Certificates

Artificial Intelligence Undergraduate Certificate

Computer Programming Undergraduate Certificate

Computer Programming Education Undergraduate Certificate

Internet and Web Undergraduate Certificate

Mobile Apps and Computing Undergraduate Certificate

Artificial Intelligence Graduate Certificate

Mobile Apps and Computing Graduate Certificate

Justification for request:

The new GIS prefix will be used for core courses in the new GIS curriculum. currently this includes 2 courses (Intro and Advanced GIS), but it will expand to include new courses at the graduate and undergraduate level as those programs are built.
