

Honors College, Certificate - 2 Year Program

Two Year Program (22 credit hours total):

Students in this program will take a combination of Honors College seminars and honors independent study credit (usually for work done in their major fields). The 22 credit hours must include 6 credits of independent study, as for the four-year program.

Third Year

During the first year of the two-year program, students take three honors seminars, including HONORS 3100, (Writing the City), HONORS 3120 (Honors Business Writing), or HONORS 3160, (Honors Writing in the Sciences); one course from the Inquiries series (2000 level); one ~~from either the~~ Advanced Seminar ~~course~~ (3000 level) ~~or Research Seminar (HONORS 3530 or HONORS 3535)~~. In addition, 3 credit hours of independent study may be taken during this year, normally in or closely related to their major.

Fourth Year

The final year of the two-year program involves three courses chosen from the 3000 and 4000 level options, including HONORS 4100, the honors writing portfolio, and at least one course chosen from the 3000 level. In addition, students will complete their independent study requirements with 3 or 6 hours of project, internship, or research work.

Rationale

General clean up. Honors 3120 was previously approved but not added to this page.
