We wish to make Spanish 3326 (Introduction to Spanish Linguistics) a required course in order to provide Spanish majors with a broad foundation at the 3000 level that includes courses in culture, literature and linguistics. Majors will now take at least one course in Spanish literature, culture, and linguistics at the junior level. In order to instate this requirement but still allow students two electives at the 3000-level, we no longer will require both 3280 and 3281; we propose that students choose one or the other according to their interests.
