

Program Inactivation Proposal

School Counseling, MEd, Elementary Emphasis Area

Admission

In addition to meeting the general admission requirements of the Graduate School, applicants to the M.Ed. must complete the program supplemental application, have two completed references on file, have an undergraduate GPA of 3.0, and upon admission will take CNS ED 6010, Theories of Counseling, in their first semester. Admissions will be conducted twice a year. The deadlines for application are March 1 for the fall semester and October 1 for the spring semester.

Since it is the objective of the counseling faculty to identify students with low potential for competent practice as early as possible and to initiate the necessary procedures for dealing with such students, faculty of the counseling program reserve the right to review students at any stage of their coursework. A U (Unsatisfactory) in any clinical course or any grade less than a B- in these core counseling courses will automatically trigger a review process by the Counseling Review Board.

CNS ED 6010	Theories of Counseling
CNS ED 6020	Ethical and Professional Issues in Counseling
CNS ED 6060	Helping-Relationship Skills
CNS ED 6270	School Counseling Practicum
CNS ED 6280	School Counseling Field Experience
CNS ED 6370	Clinical Mental Health Counseling Practicum I
CNS ED 6380	Clinical Mental Health Counseling Field Experience

The Counseling Review Board process, however initiated, may result in the termination of the student's degree program or other required or recommended remedies to address deficiencies judged by the Counseling Review Board as related to the skills that are essential to the development of competent and ethical practices as a professional counselor.

Students admitted to the M.Ed. degree programs in counseling as “restricted graduate students” (see the “graduate study” rules in this Bulletin) must attain a 3.0 GPA in the 12 hours of course work at UMSL. Restricted students must include the following courses in the first 12 hours of coursework: CNS ED 6010: Theories of Counseling and CNS ED 6020: Ethical and Professional Issues in Counseling. A student on restricted status earning any grade less than a B- in either of these courses but still maintaining a 3.0 GPA, will be allowed to repeat the course one time and must earn a grade of B- or better to be fully admitted.

The courses listed below meet the coursework requirements for the M.Ed. degree, state certification as a school counselor, and licensing as a professional counselor:

Counselor Education

CNS ED 6010	Theories of Counseling	3

Comprehensive Exam (Capstone Experience) ¹		
Total Hours		60

¹ Please consult with the Department office for requirements and dates of this examination.

State Certification

Although not a degree requirement, a passing score on the relevant examinations required by the Missouri Department of Elementary and Secondary Education is also required for state certification as a school counselor and must be achieved before the student can be recommended by the Counseling Program for such certification. In addition, students who do not hold a state certification as a teacher must also take the following courses in addition to their M.Ed. in School Counseling program in order to be recommended by the Counseling Program as a school counselor.

SPEC ED 6325	Advanced Studies in Classroom & Behavior Management	3
SPEC ED 6412	Psychology of Exceptional Children	3
ED PSY 6030	Instruction, Learning, and Assessment	3
or TCH ED 5310	Instructional Design	

Rationale for Inactivation

The Department of Elementary and Secondary Education has dropped separate certifications for elementary and secondary school counseling. Therefore, having two school counseling degree programs is no longer necessary.
