

Undergraduate Study, Grade Modification

Grade Modification

When the grade received in an initial attempt in **an undergraduate course taken at UMSL, or any University of Missouri System institution,** is a C-, D+, D, D-, F, or FN, the grade may be replaced in the calculation of the GPA by the grade received in a second or subsequent attempt of the same course at UMSL. All grades received in second and subsequent attempts will be included in GPA calculations. All attempts of a given course will appear on the official transcript with the grade(s) earned. The transcript will have an explanation that states that the GPA is calculated using all grades earned in a course except the initial attempt when a course has been repeated and grade modified.

Note: Grade modification is not automatic. After completing the second or subsequent attempt of the course to be modified, students must process the necessary paperwork with an academic adviser in the academic unit in which the student is currently enrolled.

The University of Missouri-St Louis will also honor undergraduate grade modifications completed on other University of Missouri campuses and officially transferred in. This will be effective for any transcripts received on or after July 1, 2020.
