

**Minutes of the Meeting of the
University of Missouri-St. Louis
Faculty Senate
January 23, 2018
202 JCPenney**

The Faculty Senate meeting was called to order at 3:00 p.m. by Senate Chair, Dr. Pamela Stuerke. Dr. Stuerke asked for approval of the Senate minutes from the meeting on Dec. 5, 2017. The minutes were approved as written.

Report of the Chairperson, Dr. Pamela Stuerke:

- Dr. Stuerke updated the Senate on issues that occurred at the November Assembly meeting. Because there had been an issue with video recording at the November Assembly meeting, Dr. Stuerke had asked two Senate/Assembly committees to review the policy on video recording. Three points came out of that review:
 - a policy involving video and audio recordings already exists (CRR 200.015) but only covers classroom settings;
 - the Missouri Sunshine Law permits all types of electronic recordings of a public body in an open meeting; and
 - there are precedents that demonstrate that the Student Standard of Conduct does cover inappropriate behavior through electronic means.
- Dr. Stuerke reported that she has met with the SGA President several times about addressing the problem with the resolution at the November meeting. Dr. Stuerke told the Senate she would update them on the progress. The SGA President requested that the following message be given to the Senate:

"I want to thank you for your patience with this matter. After meeting with Pamela, Loy, my Senators, and other key members of the campus, I have a better picture of what occurred at the November 14th University Assembly Meeting. I am going to take some more time to continue my meetings and gather more information and perspectives on the entire situation to help form my conclusion on the matter. I will have my official statement ready by the next University Assembly Meeting on February 20th. Again, thank you all for your patience and I look forward to meeting with you all in February."

- Dr. Stuerke reported that the Chancellor's Awards for Excellence are due on March 1. The date for the Research Award is pending. She encouraged the Senate to consider nominating their colleagues.
- President Choi has informed us that he will be attending our Feb. 20 Assembly meeting.
- As the Senate is a co-sponsor of the Homecoming Chili Cook-off on Feb. 22, Dr. Stuerke asked the senators to sign up to serve chili at the event and ask their colleagues to participate.
- Dr. Stuerke reported that this is the time of year when the Senate conducts elections for colleges/units that have senators with expiring terms. The Senate was informed of the departments/units who would be receiving e-mail election ballots in the coming weeks.

Report of the Chancellor, Dr. Tom George:

Chancellor George reported on recent online rankings as follows:

- UMSL's online bachelor's programs were 23rd in the nation and 1st in Missouri according to *US News and World Report*.
- UMSL's online Criminology & Criminal Justice program is 8th nationally according to *College Choice*.
- UMSL's online education program is ranked 8th nationally according to *Affordable Colleges Online* (50 Best Online Education and Teaching Degrees list).

Chancellor George announced that the winter commencement was a great success with nearly 1,000 graduates (733 undergraduate degrees and 265 graduate degrees). UMSL will reach 100,000 graduates during spring commencement. Chancellor George reported that the Spring semester enrollment looks very promising with almost 10,000 students on campus.

Chancellor George provided information about the budget and discussed the governor's recent announcement to cut higher education. He will be participating in a conference call this afternoon where he will receive more detailed information on the status of the UM System budget.

Bylaws and Rules Committee, Dr. Sanjiv Bhatia and Dr. Alice Hall:

Dr. Stuerke explained that the proposed bylaw changes are a result of recommendations that came from last year's Senate 5-year review. She reminded the Senate that they had voted to create an ad-hoc committee to review the current bylaws and recommend changes. In order for the Senate to have time to thoroughly review the proposed changes, Dr. Stuerke sent the document by e-mail to the Senate a week before the meeting. Dr. Stuerke introduced Dr. Sanjiv Bhatia, Chair of the Bylaws and Rules Committee, who explained the charge of the Ad-hoc Committee on Shared Governance as follows:

The committee charge was to review the Collected Rules and Regulations (CRR) and Bylaws to meet two goals:

- Codify the current relationship between the Senate and the Administration, specifically the shared governance practices that have been developed at UMSL.
- Designate or develop a committee to review proposed changes to the CRR or to the bylaws that could affect faculty's academic freedom or working conditions.

Dr. Bhatia explained that in reviewing the documents, the ad-hoc committee considered the other campuses' bylaws to examine what procedures/policies were already in place within the system that might work at UMSL. He noted that UMSL's University Assembly is unique in the system: no other campus has a similar body.

Dr. Bhatia introduced Dr. Alice Hall, Chair of the Ad-Hoc Committee on Shared Governance, to present the proposed changes to Faculty Bylaws CRR 300.040. The changes were recommended by the ad-hoc committee and approved by the Senate's Bylaws and Rules Committee. The proposed changes are as follows (**proposed changes are in red**):

➤ **A. Bylaws**

Purpose of Governing Practices: The purpose of these Bylaws is to establish a body that represents the voice of the Faculty and to establish an effective vehicle for the needs and concerns of the Faculty to be presented for discussion and debate. These Bylaws assume that Faculty may participate in academic decision processes. The Faculty may also make recommendations to the Chancellor and other persons or offices concerning general policy matters affecting the University. ~~Where appropriate, the Faculty may delegate its responsibility to separate schools, colleges, or such other parallel units as may be created from time to time, to the Faculty Senate, and the University Assembly within the University of Missouri-St. Louis.~~

4. Authority

The faculty's authority, as delegated by the Board of Curators, is of three types: primary and direct, in which the Faculty has essential decision-making authority; shared, in which the Faculty participates with others; and advisory, in which the Faculty counsels with the person or offices with ultimate decision-making authority. (On those matters requiring multi-campus coordination, the Faculty shall act through its appropriate bodies, UM System 300.040.B.5.)

The actions of the Senate, in those areas in which they have delegated authority, shall be deemed final unless challenged within 10 days. Such challenge shall require a petition signed by at least twenty-five (25) faculty members from at least two parallel units calling for a review by the Faculty of a particular Senate action.

5. Meetings

The Faculty of the University of Missouri-St. Louis shall meet at least twice each year and at such additional times as the President, Chancellor, or the Faculty itself may determine.
