

Music BM

with an emphasis in Theory

The mission of the Music Department at UMSL is to inspire and deliver a well-rounded education for performers, composers, scholars, teachers, and the University community with instruction necessary for success in a variety of music careers, entrepreneurship, and lifelong learning. UMSL's Music Department is committed to teaching, research/creativity, and public service. In addition to its role of advancing knowledge as part of a comprehensive research university, the Music Department advances the University's land grant tradition by enhancing the cultural life of the St. Louis metropolitan area, providing high quality and accessible educational experiences in music.

Career Outlook

A degree in music prepares students for careers in a wide range of specialties, such as professional performance, teaching in schools, holding positions in the music industry, or working as a musical entrepreneur. Graduates with music degrees understand that self-discipline, collaboration, creativity, and adaptability are central to the work of musicians, and these skills transfer to non-musical areas in beneficial ways.

UMSL music graduates are highly sought-after in the job market. Graduates develop careers as professional performers and composers. Those graduates who choose to seek further study in music have been readily accepted into many of the nation's top programs.
