Studio Art BFA

with an emphasis in Studio Practice

The Art & Design department at UMSL welcomes students to explore essential cultural and professional systems through creative visual practice. Students encounter both traditional and new technologies as means to study and create the visual world in which we live. Students in the Studio Practice program enjoy the benefits of close relationships with the St. Louis visual arts professional community. Our professors maintain a rigorous program that prepares students for immediate employment as creative professionals and enriches lives through creative practice.

Career Outlook

Students with degrees in studio art find careers in a broad array of both 2D and 3D arts disciplines including commercial and fine arts practice, art administration, art restoration, product and industrial design, maker space practices and freelancing. Students receive professional practice development with a new attention paid to entrepreneurial and technological skills.
