Due to the unprecedented circumstances, joins us as we present Summer Online@UMSL.

Summer sessions are moving 100% on-line with the on-line fees waived. In order to navigate your way through the system, please proceed to the course schedule.

Once on that page, you would click on course schedule in which takes you to the search for classes; then click on the drop down menu for Term due to defaults to Fall 2020. The individual would have to change the term to Summer 2020; then select their Subject in the next drop down menu to choose the course and enter the number in order see if the selected course is offered for Summer 2020. Then click search at the bottom of page. See illustration below:
