Applicants are encouraged from individuals in the following areas of expertise:

- Health care systems and policy
- Health informatics
- Statistical analysis
- Population health

**Responsibilities:**

1. Maintain a well defined program of research evidenced by dissemination activities including publications.
2. Provide evidence of an extramurally funded program of research that includes opportunities for student learning and engagement in the research process at all levels.
3. Participate in the ongoing development, implementation, evaluation, and enhancement of nursing academic programs.
4. Collaborate effectively with other faculty members both within the College of Nursing and throughout the University and beyond to develop interprofessional academic, clinical, and research opportunities.
5. Contribute to service within the College of Nursing, university, community and profession.
6. Contribute to the mission and strategic priorities of the College of Nursing and the University of Missouri-St. Louis.

**Qualifications Required:**

1. A graduate degree in nursing; doctoral degree in nursing or related field preferred.
2. Licensure as a registered nurse in Missouri prior to employment.
3. A defined program of research.
4. Demonstrated potential for extramurally funded program of research as evidenced by publications and/or successful funding record; and,
5. Evidence of successful classroom and/or clinical teaching experience.
6. Effective interpersonal skills and cultural competence.
7. Ability to work with a diverse group of students and colleagues.

**Preferred:**

1. Experience with instructional media and technology.

**Faculty Rank will be based on qualifications and experience**
