

Participant Feedback

UMSL Literacy Clinic-Fall 2023

The five participants who answered the survey rated their student's experience as a 5(out of 5) the highest rating.

On a scale of 1 to 5, how would you rate your student's experience in the the Literacy Clinic.

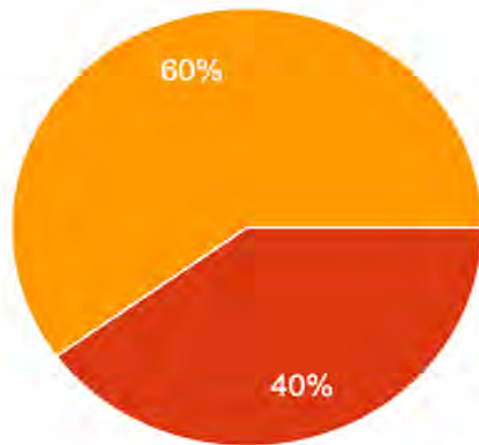

5 responses

All of the participants responded that their student made growth in literacy. 60% felt their student made “substantial growth” in literacy, and 40% felt they made “some growth” in literacy. None of the participants felt that their student made “little to no literacy growth”.

Please indicate how much growth in reading and writing you noticed from your student.

5 responses

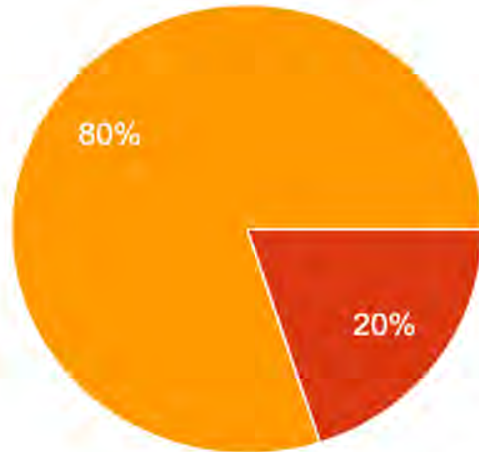

- Little to no literacy growth
- Some growth in reading and writing
- Substantial growth in reading and/or writing

All of the participants responded that their student enjoyed reading/writing more. 80% felt that their student made a “substantial growth” and 20% felt their student made “some growth” in enjoyment of reading/writing.

Please indicate how much growth in the enjoyment of literacy you noticed from your student.

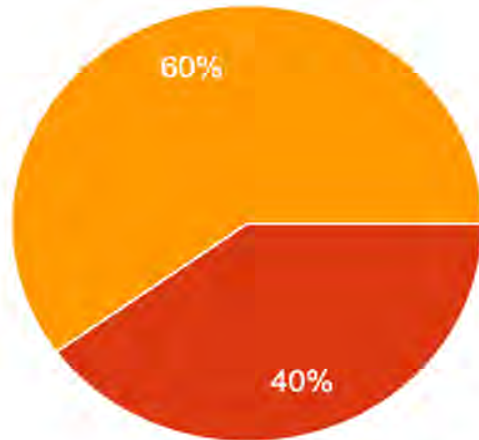

5 responses

- Little to no growth in the enjoyment of reading/writing
- Some growth in the enjoyment of reading/writing
- Substantial growth in the enjoyment of reading/writing

All of the participants responded that their student grew in confidence with literacy skills, with the majority of participants reporting “substantial growth” in confidence.

Please indicate how much growth in confidence with literacy skills you noticed from your student.
5 responses

- Little to no growth in confidence
- Some growth in confidence
- Substantial growth in confidence

100% of the participants reported that they observed the tutoring sessions. The participants also attended every session of the Family Literacy Nights throughout the semester.

Did you observe any of the tutoring sessions?

Additional Data

- 100% of the participants that responded to the survey stated that they were interested in enrolling their student for the program in the next session.
- 80% of the participants that responded indicated that their child utilized resources that were provided or suggested from their tutor outside of the tutoring sessions (e.g. Scholastic Pro, literacy websites, selected book titles, and practice materials that were created by the tutor.)
- Only one out of five participants suggested an improvement that the clinic could start at a later time.
- When asked if the participants would like more communications or conferences with their student's tutor, 20% indicated "no", 60% indicated "maybe", and 20% indicated "yes."
- 100% of the participants indicated that they would like more events like the author visit.

100% of the participants responded a (5) on a scale of 1 to 5 regarding the Family Literacy Components of the Literacy Clinic.

On a scale of 1 to 5, how would you rate the family literacy components of the Literacy Clinic.

5 responses

What did your student like best about the tutoring sessions?

- The variety of activities
- Working with his teacher and the author visits
- When he and his tutor played reading games
- The stories he read
- The jamboards and the word maps
- Learning how to read and write better

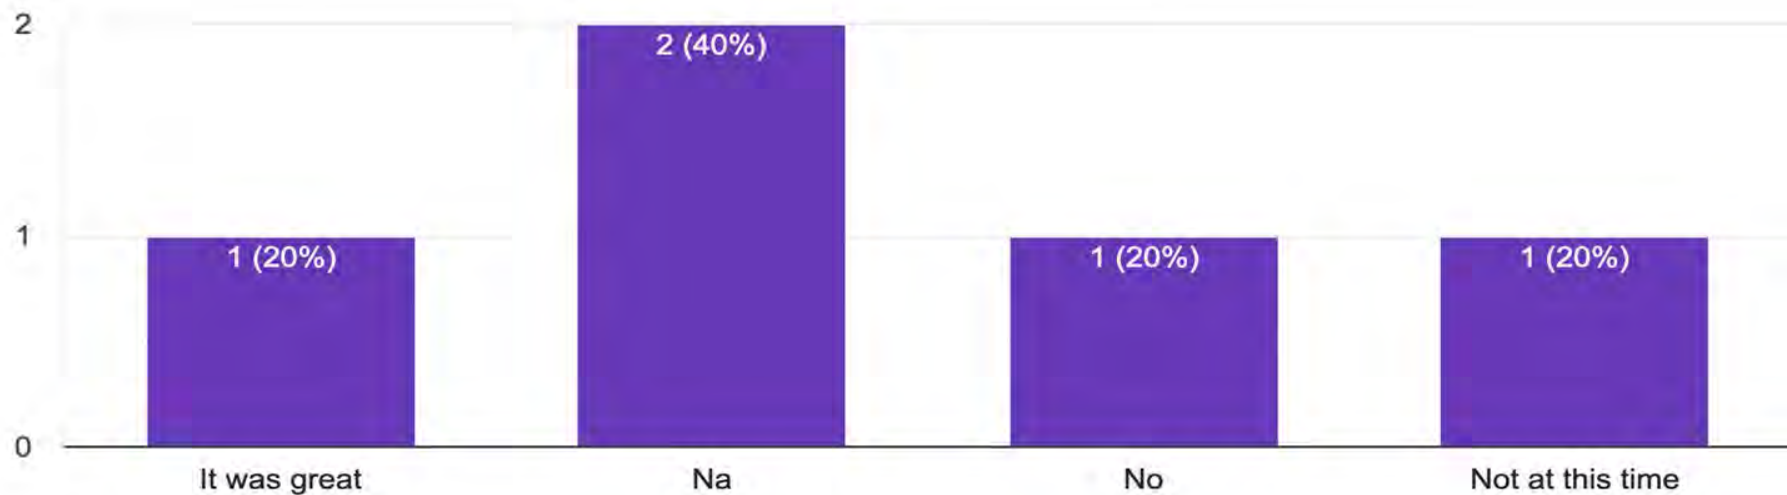

Sample of Parent Comments

- [The tutor] did amazing with working with Jayce. He continues to grow and get better at his reading and writing. I am truly thankful that Jayce gets to participate in this program. He has grown so much since he first started the literacy clinic years ago.
- I feel like my child's tutor is doing a great job.
- Tutor was the best we have so far in the program.
- I think that a later start time would be better for us, but my child enjoyed the tutoring sessions.
- N/A
