Optional Practical Training – STEM Extension

General Information

On May 10, 2016 the U.S. Department of Homeland Security (DHS) established the 24 month extension of OPT for STEM (Science, Technology, Engineering, and Mathematics) designated degreeholders

Students in STEM disciplines who have graduated with a bachelor’s, master’s, or doctoral degree in a STEM field are eligible for a 24 month extension of their post-completion OPT for two education levels. This extension is available twice per lifetime and cannot be issued in installments of less than 24 months. The STEM extensions do not replace the standard 12 month OPT and can only be requested during the standard 12 month post-completion OPT period.

Eligibility Requirements

- The student cannot have previously received two 24 month STEM extensions for previous OPT authorizations
- The student must have successfully completed a bachelor’s, master’s, or doctoral degree in a field listed on the DHS STEM Designated Degree Program List
- The student must be currently on post-completion OPT and working for a U.S. employer in a job directly related to the student’s STEM designated program of study listed on the student’s I-20
- The student and employer must have a bona fide employer/employee relationship. If your employer is a consulting agency, you will have your placement company complete the I-983 and you will be required to submit a new I-983 for each new placement.
- The student must be in valid F-1 status over the course of the OPT authorization, not exceeded 90 days unemployment
- The student must have an offer of employment, or continued employment, from an employer who is registered in the E-Verify program at the time of the application for the 24 month extension, complete the I-983 with the student in the application, AND the employer must agree to report to the Office of International Student & Scholar Services any early departure or termination of employment within 48 hours of the event.

Application Dates

Earliest date: 90 days before your current OPT end date
Latest date: End date of your current OPT

Note: The application must be received by USCIS before the current EAD expires. Students who have applied for the extension may continue working on the expired EAD for 180 days or until the application is approved as long as they have received the receipt of the application from USCIS.

Application Procedure

1. Complete the following documents:

2. Schedule an appointment with an International Student Advisor or submit the documents listed under “For the International Student Services office only” to International Student Services (iss@umsl.edu, 362 SSB). You will receive an email when your STEM OPT I-20 is ready for pick up or when the STEM OPT I-20 will be mailed to your current address.

3. Mail your application to USCIS. USCIS must receive your application within 30 days of the issuance of the I-20:

Please see “Mailing Address for OPT and OPT STEM Application” list. The USCIS standard processing time is 60 - 90 days.

### While on OPT STEM Extension

**Reporting Status:** All changes must be reported to the University of Missouri - St. Louis:
- Legal name
- Residential or mailing address
- Employer name
- Employer address
- Employment details
- Loss of employment

**Validation Report:** Students on STEM extension will be notified by SEVP Portan via email to submit a validation report confirming current employment every six months starting from the date extension begins and ending when the student's F-1 status ends. The validation report is due within 10 days of each reporting date. NOTE: Failure to submit the annual 6 month report will result in the termination of your I-20 by USCIS.

**I-983 Evaluation on Student Progress:** Students must also submit the annual Evaluation on Student Progress listed on the I-983 (page 5). The first annual progress report must be submitted to the International Student Services office 12 months after the approval of your STEM OPT. The second annual report must be submitted 24 months after the approval of your STEM OPT. Failure to submit the I-983 reports within 10 days of these anniversary dates will result in the termination of your I-20 by USCIS

**Job Requirements while on OPT STEM Extension:**

No more than 150 days of unemployment during the entire 36 months of OPT (90 days OPT, 60 days STEM)

While on STEM OPT

1. You must be employed in a position directly related to the program of study listed on your I-20
2. The employer must be E-Verified
3. You must submit an updated I-983 completed by you and your employer to the International Student Services office for any employment change within 10 days of the change. You must submit I-983 evaluations within the assigned deadline
4. If you change job on STEM Extension, you must submit the Final Evaluation on Student Progress (Page 5th of I-983) to ISSS for the job which just ended and entire new I-983 form for the new employer. Change of STEM Employer is recorded by DSO in SEVIS, but is not filed with USCIS. Student will receive a new I-20 reflecting new employer.

Notice to Employers: This form enables the University of Missouri-St. Louis to certify to the Department of Homeland Security (DHS) that the above mentioned F-1 student is eligible for this 24 month extension of his/her OPT based upon the following criteria as established in 8 CFR 214.2 (f)(10)(ii)(C):

1. The student’s employer is registered in the E-Verify program, as evidenced by either a valid E-Verify Company Identification Number or, a valid E-Verify Client Company Identification Number

2. The employer agrees to report any departure or termination of employment to the Office of International Student & Scholar Services via the online OPT reporting tools (http://www.umsl.edu/international under the “Alumni” tab, “Post Completion OPT Reporting forms” link) or any other means or process identified by DHS if the departure or termination is prior to the end of the authorized period of OPT. This reporting must take place within 48 hours of the event. An employer shall consider a worker to have departed when the employer knows the student has left the employment, or if the student has not reported for work for a period of 5 consecutive business days without the consent of the employer, whichever occurs earlier.

Employer Certification

Your signature below certifies that the employer listed on this form agrees to the reporting requirement explained in item 2 in the Notice to Employers. Employers who hire STEM OPT students must agree to report any departure or termination within 48 hours of the event. This reporting should be done via the online form available at http://www.umsl.edu/~intelstu/Alumni/optreportingform.html
