

UMSL | Graduate School

Graduate Certificate Internet and Web

Certificate Program:

- The graduate certificate in Internet and Web is a four-course program.
- It is designed to provide broad training in web technologies at both the client and server sides, including various stack architectures and frameworks, recent technologies such as REST and trends such as microservices.
- All students must take three required courses and one elective. Courses may be substituted with the permission of the certificate coordinator.
- A minimum of three courses must be taken from UMSL.
- Can be extended into the MS program described at:

<http://www.umsl.edu/cmppsci/graduate-studies/ms-compsci.html>

Program Website:

http://umsl.edu/cmppsci/certificates/cert_grad_internet-web.html

Application Requirements:

1. Application
 - a. <http://umsl.edu/go/Apply-Now>
2. Bachelor's Degree
 - a. By the time of enrollment, prospective students must have obtained a baccalaureate degree or the equivalent from an accredited college or university.
3. Grade Point Average (GPA) and coursework
 - a. A minimum GPA of 3.0 on a 4.0 scale is required to be considered for regular admission.
 - b. A prior GPA below 3.0 will be considered on an individual basis for restricted admission.
 - c. Applicants must demonstrate familiarity with Java and basic front-end and back-end programming.
4. Official Transcripts
 - a. Applicants must submit official transcripts to the Graduate Admissions Office documenting the baccalaureate degree and all other prior college and graduate-level coursework completed.
