University of Missouri-St. Louis is

Reaching Out to You

The University of Missouri-St. Louis provides students with the opportunity to complete select degree programs and credit courses through our Off-Campus Sites Program. The Off-Campus Site Program partners with Jefferson College, Mineral Area College, St. Charles Community College and the South County and Wildwood campuses of St. Louis Community College. Through these partnerships students can earn their degree from UMSL while taking UMSL courses on the campus of one of our community college partners. Students will earn UMSL credit, courses will be taught by UMSL faculty, and students earn their Bachelor’s degree from UMSL. The faculty and staff of the community colleges and UMSL are committed to helping you achieve your academic goals.

Courses are offered in a variety of formats through the UMSL Off-Campus Sites program, including on-site, Internet-based, and hybrid. All courses are taught by UMSL faculty.

About the profession

Few occupations can offer the variety found in social work. Social workers are found in public agencies, private businesses, hospitals, clinics, schools, nursing homes, private practices, police departments, courts, and countless other places.

Social workers serve individuals, families and communities. They are managers, supervisors and administrators. They serve at all levels of government. They are educators, therapists, and researchers. They are also elected political leaders and politicians.

Social Work Careers

- Gerontology
- Child Welfare
- Justice/Corrections
- Mental Health/Clinical Social Work
- Developmental Disabilities
- Employment/Occupational Social Work
- Public Welfare
- Communities
- Administration and Management
- Public Interest Groups

UMSL School of Social Work

The School of Social Work offers courses leading to a Bachelor of Social Work degree (B.S.W.)

The B.S.W. program is fully accredited by the Council on Social Work Education. The faculty stresses the scientific and applied aspects of social work. Professional social work education enables students to integrate the knowledge, values, and skills of the profession into competent practice. The Department’s approach is reflected in an emphasis on the development of theoretical and methodological tools. There is a strong emphasis on practice, with community and social agency fieldwork as important parts of the program.

Faculty members are engaged in research on urban-related issues and work with various agencies, particularly in the areas of health care, family violence, social welfare, community development, gerontology, and education.
