Dear Rachel,

This message is to notify you that Yasmin Gold has raised a flag for you in Introduction to Microbiology. Flags are raised to alert you when you are not meeting course expectations. The flag and area(s) of concern are detailed below.

### **Course Withdraw Recommended**

Rachel missed 3 classes this month.

This flag is purely a recommendation based on the Professor's assessment that you most likely will not pass the course. If you are considering withdrawing from your course, **please consider this advice first:**

1. Speak with [Financial Aid](#) to determine the consequences of withdrawing from course.
2. Speak with your **Academic Advisor** about how this may affect your course hours and if you are able to enroll in another course.
3. Speak with the [Registrar's Office](#) for any help or questions regarding a course withdraw and specific deadlines.

The Student Academic Support Services unit is concerned about your academic progress and would like to provide you with effective support options to promote student success. We have resources in place that can aid you in improving your academic performance and/or assist you with personal concerns.

We encourage you to schedule an appointment with an Academic or Success Coach who will assist you with developing critical skills to promote academic achievement. If you have any questions or would like to speak with someone immediately, please find our office information through the [SEA service](#) in MyConnect, email us at [umslsea@umsl.edu](mailto:umslsea@umsl.edu) or call us to schedule an appointment at (314) 516-5300.

Sincerely,

Student Academic Support Services
