

# **GIVE NOW**

#### **Your Support Matters**

Together we have already <u>raised over</u> <u>\$15,000</u> for local nonprofits doing tremendous good in Greater St. Louis during *UMSL Month of Community Giving*. United Way of Greater St. Louis and CHC: Creating Healthier Communities provide programs and services that **help people in the communities where we live and work**.

### You Can Help

Knowing your neighbors and your social and physical resources makes for a positive community. Our charitable organizations work to build a robust, safe, Greater St. Louis community that enhances the lives of our neighbors and provides them with the tools they need to thrive. Community building was identified as a priority need in three counties across the region.

For those who have not made a gift to United Way before, **please consider a gift of at least \$100 this year in honor of United Way's 100-Year Anniversary**. A gift of less than \$2 a week could provide meals for an entire week for a family of four, a month's worth of diapers or formula for a low-income mother, or job training curriculum for six young people.

<u>Give</u> to the causes that matter most to you through payroll deductions, credit card, or check. <u>Click here</u> to donate or go to <u>www.umsl.edu/monthofgiving/</u> for further information.

## Watch. Enter. Win!

As part of their 100th annual campaign, United Way of Greater St. Louis is offering a promotion for a chance to win a 2022 Ford Ecosport 4WD. To enter the giveaway, <u>click here</u>.
