United Way of Greater St. Louis

UMSL 2018 Month of Community Giving

Student Philanthropy

GIVE NOW

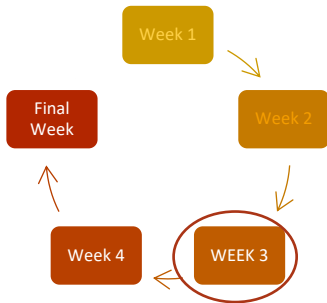

*PARTICIPATE IN THE MONTH OF COMMUNITY GIVING

HERE!*

Abigail Sago (pictured second from the left in first picture) is the current president of Zeta Tau Alpha. When she first came to UMSL she was torn between pledging with Zeta or with a different sorority like others in her family had. It was learning about Zeta’s philanthropy efforts for breast cancer research and education that sealed the deal for her. Her grandmother had passed from breast cancer and she knew this was a cause for which she wanted to make a difference. For the last four years she has worked tirelessly in the community to encourage others to donate and learn about breast cancer detection. Abigail is proud of the accomplishments her sorority has made in their efforts.

Zeta has raised over \$2000 in the last week for breast cancer research and awareness funds. If you would like to donate, they will continue to accept donations throughout this week [HERE](#).

We’re halfway through October! There’s still time to send in donations....

Mississippi Valley Regional Blood Center is holding a blood drive in the Millenium Student Center on October 25th. They are low on Type O-Negative blood but all blood types are encouraged to donate. Click [here](#) to make an appointment.

Triton Pop-Up Food Pantry

A food pantry will be available on Friday, October 19th from 2PM-4PM in Parking Lot VV on South Campus. If you or someone you know is in need, this is a one day outdoor resource for students, faculty, staff and community members facing food insecurities. Together, we will work to ensure no member of our UMSL community goes hungry. The Triton Pop-up Food Pantry is supported by the St. Louis Area Foodbank, a United Way agency.

If you participated in this year's Wellness Incentive Program, you'll see that benefit on a paycheck this month. Sharing your incentive could make a real difference in someone's life that you didn't know needed it. Donate [here](#).
