## "UMSL was my bridge."

Orvin Kimbrough received his MBA from UMSL in 2002 and has worked for the [United Way of Greater St. Louis](#) since 2007. He started as the Vice-President of Major Gifts and has worked his way to being the organization's President and CEO.

Mr. Kimbrough first became involved with United Way when he was in the St. Louis foster care system as a child. Though he didn't fully understand the role they played then, he wouldn't be where is today without the United Way. Read the full interview in *UMSL Daily* [here](#).

## Watch. Enter. Win!

You could win a brand new 2018 Ford Fiesta! All you have to do is watch the [United Way campaign video](#) and fill out the entry form. If you or someone you know is in crisis, dial 2-1-1 for help. 2-1-1 is a United Way program designed to help the community live their best possible lives. Help is [here](#).
