## A HEART FOR SERVICE

UMSL is host to a number of incredible student led volunteer organizations. Taylor Milon, Chair Member of UMSL's Students of Service, says she discovered the group her first year on campus and felt she found her home. From planting trees to creating a mural with the Ferguson Youth Initiative, SOS helps the community in a multitude of ways. "One of the things I love about SOS is that our events often aren't exclusive to just UMSL students. We have events where everyone can be a part of the work we do! UMSL faculty, staff, families, and community members!"

To learn more about SOS and many other UMSL service organizations visit:
