Highlighting UMSL Community Giving in October!

There are many ways that you can make a difference for others in your community! Participating in *UMSL Month of Community Giving* by making a donation is one way. By taking part in the **United Way of Greater St. Louis** and the **CHC: Creating Healthier Communities** employee giving campaigns we create a stronger community through collaboration, investment, and service. Together with our community partners we can create a region where people can thrive.
