

UNIVERSITY OF MISSOURI-ST. LOUIS

RETIRES ASSOCIATION

*Greetings from our
New President...*

Welcome to all new retirees and current members of the UMSL Retirees Association. In addition to sharing our ideas for the university and providing opportunity for continual interaction within the UMSL community, your board members work to maintain the benefits of our increasing numbers of retired personnel. We also schedule social events. So whether your primary interest in joining this organization is cost-of-living increases or maintaining friendships, we are glad to have you with us. Our board meetings are held at least twice a year and representatives of your association meet with the UM President twice a year to present issues of importance to us. Your input is solicited. We are your representatives.

The Association's Lunch Bunch is organizing a get-together on October 5th, and we are always open to additional social opportunities. To facilitate communication, we are exploring the production of a directory of members of the Retirees Association willing to be listed, perhaps an internet version as well as hard copy. If you are interested in this, contact me or Sharon Davis. Best wishes for a wonderful fall season and I hope to see you at one of our events.

David Garin, *President*
UM-St. Louis Retirees Association
