3.642; Carol Calamia, 3.615; William Deiss, 3.562; James Henke and Anne Scherliss, both 3.5; Sharon Watts, 3.333; Carole Henry and Barbara Shy, both 3.312; Robert Stoecker, 3.214; Susan Schlag, 3.187; Jo Ann Webb, 3.133; Dixie Montgomery, 3.125; Kathie Yarnell, 3.062; Ann Cassidy, 2.866; Terry Tesdall, 2.833 and Bill Kemper, 2.812.

The Honor Roll includes those full-time students who have achieved a grade point average of 2.75 or better at the close of the semester.

New Student Activities Appear On Campus, Seeking Members

Various new organizations have been springing up on campus this year.

Orchestrals, a modern dance group, is holding meetings and practices on Thursdays with the hope of entertaining at MUNRC's first social event, the "Roaring Twenties" dance. Officers elected are: Carolyn Henson, president; Lani Jones, vice-president and Barb Shy, secretary-treasurer. Normandy High's facilities are being used in practice sessions.

'Roaring Twenties' Return October 28

"The Student Senate will sponsor a 'Roaring Twenties' dance October 28," announces Pat Egan, chairman of the Senate Social Committee.

Plans are being made to conduct the dance in the downstairs lounges to create the "speakeasy" atmosphere of the twenties. Costumes--flapper dresses and raccoon coats--will be appropriate dress for the evening.

Students who would like to entertain at the dance are asked to contact Miss Egan or any member of the Student Senate as soon as possible.

Tickets are on sale in Room 127 or may be obtained from any senator or executive officer. Outsiders are welcome.

A drama club has been organized under the advisory of Henry Panuto, MUNRC English instructor. Cathy Schulenberg has been elected president for this semester, Diana Arb, vice-president, Rich Geriet, secretary and Bob Tims, treasurer. A formal initiation is being planned for the end of the year.

Chorus, which has been reorganized under last year's director, Jo Ann Webb, is tentatively holding meetings at noon on Fridays and plans its first concert for the Christmas season.

Cheerleading tryouts are being held on Tuesday nights at 3:00 under the same rules governing tryouts on the Columbia campus.

Senate Elections Held Today; First Under New Constitution

The second Senate election at MUNRC is being held today from 8 a. m. to 4 p. m. Fifteen representatives are to be elected from each of the classes.

This marks the first such election under the new constitution which was adopted September 22. The document carried by a 171-30 margin, which represented but a 46% turnout.

Under the constitution representatives are to be elected from and by each class each semester. Each class is to have equal representation. To be eligible, a Senate member must maintain a 2.0 average.

Current candidates first had to present a petition signed by ten members of their class.

Seventeen freshmen returned petitions: Gerald Anzer, Sandra Brown, Margie Doerr, James Emahiser, Marjorie Feller, Richard Hennenhoefler, Carolyn Henson, Mary Anne

Knefel, David Larkins, Mike Lindhorst, Katie Michaelson, Patty Murphy, Janis Price, Cathie Schulenberg, Terry Sheils, Stephanie Taylor and Thomas Thompson.

For the 15 sophomores returning petitions, the election will be but a formality. 'A United Front'

"A united front is the first requirement for an effective student government."
Mr. Harold Eickhoff

The purpose of any student government is to represent the student body at the administrative and faculty level. Student-wide cooperation is imperative if this purpose is to be fulfilled.

Student government is necessary for the general welfare of the college student: students have a right to a voice in the education they are pursuing, and the faculty is provided with a reliable source of student information.

If the student government can boast of a high degree of participation and the solid support of the student body, the government will be an effective one with a strong, clear voice. It will be eagerly accepted as representative of student opinion, and will see results, results that will benefit all students.

Conversely, factions within the government can be harmful. Lack of solidarity inspires lack of trust on the part of the faculty and administration. Any measure the government presents on behalf of the student body will probably be regarded as a minority view. Understandably, student opinion will find a deaf ear. Thus, the purpose of student government is thwarted. Not only are particular factions unheeded, all students are virtually without a voice.

Where there exists a concern for the direction his education takes, the student must familiarize himself with the student government, be an active participant and offer his support.

(Editor's note: Taken from an interview with Mr. Harold Eickhoff.)

Tiger Cub Sets Goal, To Serve As Vehicle For Student Voice

By Jackie Conrad

The purpose of any college newspaper is to reflect comprehensively the school it represents--the curriculum, administration, faculty, students and activities. Specifically, the purpose of the TIGER CUB is to act as the uniting force of the student body of MUNRC, to create a sense of our belonging to a school and a school belonging to us.

A college newspaper is the vehicle of the student. It is his voice and his source of information. Therefore, it is important that everyone be given the opportunity to submit his own work, his ideas and his opinions, to his own newspaper.

The TIGER CUB staff recognizes this right and welcomes all contributions--original writings, news items, suggestions for articles and "letters to the editor" airing opinions and complaints, both of the newspapers and its policies and of life at MUNRC in general, and of

any controversial topic worthy of discussion.

All contributions, including criticism--constructive criticism--will be given careful consideration. Actual publication of any article will, however, be left to the discretion of the staff.

Submit your contributions to Room 127 and watch for a "contribution box" in the cafeteria.

KNOW THINE ENEMIES

Cloak & Dagger Infiltrate Campus, Villains Threaten Student Attitudes

Wanted: five enemies of student government!

Among us lurk five deadly, destructive forces who seek to infiltrate and poison the minds of the Student Association members.

Take care, for each is adept at the usual cloak-and-dagger techniques. They listen from behind lounge polls, leave propaganda on blackboards and contaminate even zoo dissection kits, they deviously the best pinochle deck. Hidden under lunch tables, within clouds of smoke (pipe and cigarette), and in zoo dissection kits, they deviously gather material for their subversive plot.

STEP CAREFULLY AMONG PITFALLS

The Purpose Of A University

The importance of a university arises from its nature rather than its purpose. Often a man of culture, integrity and good will can accomplish more for humanity than can a well-trained technician. So with a university.

The university above all else is a community of scholars: the faculty which forms a part of the community, and the students, who learn by association with the faculty.

If the university is great, it has, like a great man, a sense of social obligation. Like every community of scholars, it takes great joy in the quest of knowledge and in devoting knowledge to the service of mankind. Perhaps the university's chief contribution is the education of new scholars.

Scholars are persons who combine mental discipline with zest in the use of the mind. A community of scholars sharing in this intellectual life makes it more zestful, more appreciative and more fruitful.

It might be difficult to state the purpose of a rose; but by its nature it is beautiful. The nature of the university is that it is the home of scholarship: Scholarship accompanied by social conscience, by intellectual zest, by love of learning and by love of excellence.

The TIGER CUB is happy to welcome its new adviser, Miss Clare McDonnell of the Residence Center English department. Miss McDonnell was editor of her college's student newspaper. Her function on the TIGER CUB is to advise and review material before publication.

By far the most fearful is APATHY, characterized by his ambling gait and glazed expression. He is the most easily detected. The first clue of his presence was discovered September 22. Only 46% of the enrollment voted in the constitution ratification election. Shaken, students proceeded with caution. Soon he struck again -- 15 sophomores and 17 freshmen submitted petitions requesting nomination for Senate candidacy. His criminal pattern was plotted, and he is expected to strike today at the Senate election. Be on your guard and vote!

THE CRAFTY ONE

MISINFORMATION and RUMOR approach Enemy No. 1 in potency. Once they have spoken, the damage is nearly always irreparable. Be suspicious of large mouths with striated muscles and long tongues. These two function best together: MISINFORMATION, the crafty one, invents stories on timely subjects, whereupon RUMOR takes over the circulation.

Their precision teamwork was apparent when a number of students were convinced the Constitution revision prohibited card-playing and

wiped out the basketball team by requiring a 2.0 for all activities.

ANTI--ANY THING

NEGATIVISM is the fourth to be put into the game of deception. Generous doses of skepticism, cynicism and pessimism are his weapons. Under their intoxicating influence, the usually agreeable person becomes anti-anything. Though normally rational, he will expound at length upon the evils of "idiotic laws", "puppet government" and "glory-seeking Senators".

NEGATIVISM clears the way for FACTIONS, whose deft and sharpened knives succeed in slicing the student body into slivers. He knows that diversified parts all pulling in different directions paralyze the student government. This criminal is particularly destructive, for even reunited factions are prone to divide again. Divisions of the students in no way aid the government, for these are the sort that complain without taking positive measures to correct the cause of their separation.

These treacherous five have had a bad time of it at MUNRC. No one force among them could limit the functioning of the student government, but all five! Defense measures are in order.

Convocation, Pool Party, Orient New Students to Campus Life

By Shirl Nehrt

Convocation service, September 12, and a pool and patio party, August 26, were held at MUNRC to orient freshmen and new sophomores to the school, its students and faculty.

C. E. Potter, resident administrator, officiated at the convocation service, with over 400 people in attendance, predominantly freshmen. Mr. Potter stated his satisfaction over the new freshmen, all selected from the upper two-thirds of their classes, and expressed the confidence that last year's fifty per cent drop-out rate would not be duplicated.

Dr. Amos Snider, director of continuing education at the University, Ward Barnes, superintendent of the Normandy District, Fred Small, president of the Board of Education, and Wayne McDaniel, MUNRC math instructor, were on the platform.

Dr. Snider, speaking in behalf of

President Elmer Ellis and Dean Francia English, discussed the problem of overcrowded universities coping with uninterested students and emphasized that colleges have no time for those who do not want to learn. Mr. Small welcomed the students and said the Board would support them in the coming year. Mr. Barnes expressed the district's satisfaction over the first year in operation and said they look forward to an even better year in the '61 fall semester.

Over 200 students danced to Frank Sellinger's calling, swim, and wandered around the school and grounds, new to many of them, at the MUNRC get-acquainted mixer. Name tags were distributed to all students when they came, facilitating the friendly atmosphere which the student government and administration desired to create.

Students Start Athletic Teams: Football, Basketball, Bowling

By Pat Egan

Three athletic teams are getting underway this semester. Saturday, October 7th at 10:30 the bowling team met at The Arena Bowl. The team, which was originally formed for couples, now is open to individual bowlers. Team members include: Jim Cody, Carl Doerr, Bob Garofalo, Jim Bausch and Russ Creelius. Teams that MUNRC will bowl are those from Washington University, Harris, Logan, Eden, Concordia, and S. I. U.

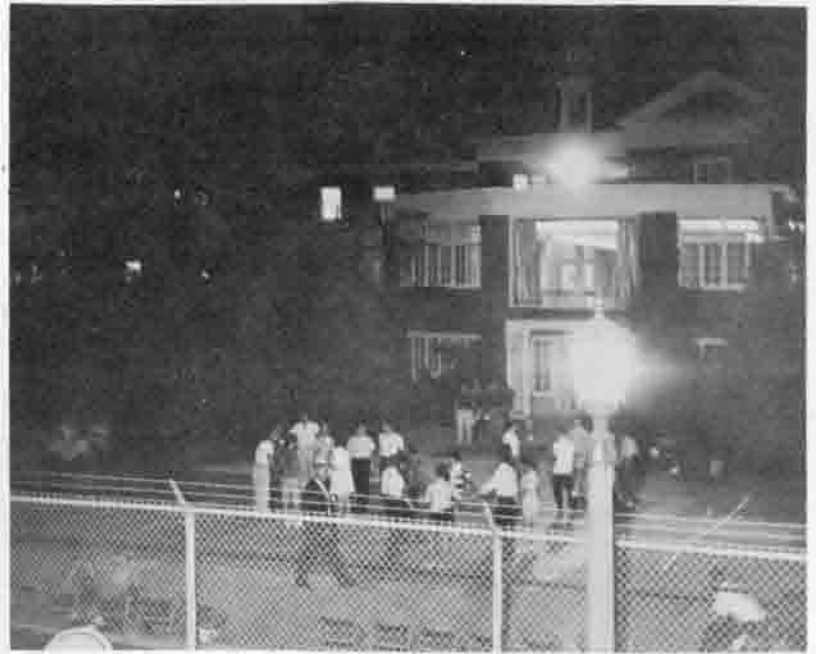

Robert Meyer, Normandy school teacher and Missouri graduate, is coaching MUNRC's newly reorgan-

ized basketball team. The first meeting was held October 9th and practices are scheduled, starting this month.

Six intramural football teams have been organized by Roger Hager and John Hales. They are the Gutierrez Tumblers, Alexander's Romans, Zack's Cats, Cody's Tiger Cubs, Schmidt's All Stars and Amant's Falstaffers. The six man squads with two or three substitutes per team, will have eliminations, the last game of the series being held on November 10th to determine the intramural championship.
