

TIGER CUB

SAINT LOUIS CAMPUS

VOLUME 4 NO. 1

SEPTEMBER 12, 1963

Formal Transfer Sept. 15 Student Orientation 16th

New Administration Heads M.U., St. Louis Campus

Dr. James Bugg, Jr., professor of History at the University of Missouri, is the dean of the University's new branch at St. Louis. Dr. Bugg took over his permanent position as Dean of the Faculty on September 1, 1963.

Dr. Bugg, a 43 year old native of Farmville, Va., attended Hampden-Sidney College in Virginia and received his masters degree and doctorate from the University of Virginia. From 1942 to 1946, he was an active member of the United States Air Force. He taught at the University of Virginia and at George Washington University in Washington, D. C. before going to the University of Missouri in 1949.

Dr. Bugg went to Missouri University as a history teacher. He soon became assistant professor of History, and later associate professor. From 1959 to 1962 he was Chairman of the History Department.

Dr. Bugg has moved here from Columbia and will return every

Wednesday to conduct a graduate seminar in History, for the fall semester only. His most important task is to supervise the expansion of the St. Louis Branch of Missouri University which has been established by the board of curators after a \$4,185,000 appropriation bill was voted by the legislators last May.

The new dean said the Missouri University St. Louis Campus will have the same well qualified faculty as the residence has had in the past years.

Under Dr. Bugg's direction the faculty has been divided into three divisions:

the Humanities Department under the direction of Dr. William Hamlin

the Social Science Department directed by Mr. Harold Eickhoff

the Science Department headed by Mr. Wayne McDaniel

The new Business Manager and Director of Admissions will work the St. Louis Campus on a part-

Dr. James Bugg

time basis while retaining their present positions at the University of Missouri at Columbia. John Perry, the new Business Manager at St. Louis, holds the position of Assistant Director of the Medical Center at Columbia. Hilbert Mueller, Director of Admissions at the St. Louis Campus, is the Assistant Director of Admissions at Colum-

Today and tomorrow the St. Louis campus administration estimate six hundred fifty students representing 71 high schools in the St. Louis area will register for the fall term. Students registering pay fees, pick up daily class schedules, buy textbooks, register cars, and buy yearly subscriptions to the TIGER CUB.

Sunday, September 15, at 3:00 p.m. the formal transfer of the Normandy Residence Center to the University of Missouri will take place. Mr. Edward Monaco, president of the board of education of Normandy school district will preside at the affair. Monaco will make opening remarks and sketch a history of the college including its purchase in 1958, its original plans of being a junior college supported by the Normandy township, its growth to the University of Missouri-Normandy Residence Center and future status as a separate branch of the University of Missouri in the St. Louis area. At the final stage the Normandy school district was forced to appeal to the Supreme Court for legislation to transfer the property directly to the University of Missouri.

Legislation passed by the House and Senate allotted three and a half million dollars to the St. Louis campus, \$685,000 of which is to be applied to the operation of the present building for the next two years. The remaining amount is to be used for the construction of the two buildings on the St. Louis campus.

Next on the agenda will be the introduction of the twenty-eight residents of the Normandy district responsible for the growth of the St. Louis campus. Also introduced will be the city and county House

and Senate representatives. Following these introductions, Governor John Dalton will make the man address. Governor Dalton will formally give the property to the University of Missouri. He will present the shovel for breaking ground to Mr. James Finch a member of the Board of Curators. A reception for Governor and Mrs. John Dalton, Dr. and Mrs. Ellis, and Dr. and Mrs. James Bugg will be held on the patio following the dedication. Student Association members and the TIGER CUB staff will serve refreshments.

Monday, September 16, at 10:00 a.m. a convocation for all students will be held in the auditorium. Dr. James Bugg, new dean of the St. Louis campus, will make the principal address. This will be the students' first opportunity to meet Dean Bugg.

In the afternoon at 2:00 in the auditorium all students must attend the orientation sponsored by the Student Association. Mr. William Ebbinghaus, President of the Student Association will present the officers of the Association and explain activities available to students. Dr. William Hamlin, head of the English Department, will address the new students on the subject "Your University Commitment." Following Dr. Hamlin's address students will meet with their faculty advisors for a short discussion period.

A Pool and Patio Party beginning at 4:00 p.m. will top off Orientation Day. Students will be able to swim, dance, eat and get acquainted with their fellow students and faculty. The Student Association will supply a free dinner of hot dogs and cokes.

Classes begin at 8:00 a.m. Sept. 17.

Tiger Cub Staff Meeting Sept 23

All students interested in writing for the TIGER CUB are invited to attend a staff meeting Monday, September 23 in room 127 at 3:00 p.m.

Miss Kathy Connally, a sophomore and co-editor of the TC stated, "Both freshman and sophomores are urged to attend the meeting." At the present, reporters of all types are in great demand, feature writers, editorial writers, and news writers.

Any student who cannot attend the meeting September 23 but would like to work on the TIGER CUB should contact Carole Kral or Kathy Connally, in room 127.

Contributions by students not on the staff are welcome.

Timetable

- September 12-13 8 am-4 pm
Final registration
- September 15 3 pm
Formal transfer of the Normandy Residence Center to Mizzou.
- September 16 10 am
All Student Convocation in room 108.
. 2 pm
New Student Orientation in room 108.
. 4 pm-7
Pool and Patio Party.
- September 17 8 am
Fall Semester Classes begin.
- September 23 3 pm
Interested students wishing to work on TIGER CUB staff meet in room 127.
- September 27
Next issue of TIGER CUB.

Whealen New Advisor For The Tiger Cub Staff

Mr. William Whealen, English instructor, will assist the TIGER CUB staff in publishing the student newspaper this year. Miss Claire McDonnell, last year's advisor,

has gone to Boston University to complete work on her PhD.

The University of Missouri by-laws require every chartered organization on the St. Louis Campus to have a faculty advisor. But, the TIGER CUB staff seeks Mr. Whealen's help not only because of this ruling but with the intention of receiving a more experienced and impartial opinion concerning the suitability of certain material for publication.

Mr. Whealen's position as faculty advisor entitles him to express his impartial opinion on all copy to be printed and advise the TIGER CUB staff on all deletions and omissions made in various articles.

After serving with the Navy, Mr. Whealen earned both his A.B. and M.A. degrees at Missouri University. He taught English for several years on the Columbia campus before coming to the St. Louis campus last fall. In addition, to his work with the TIGER CUB, Mr. Whealen hopes to form a Jazz club. No specific plans for this club have been made as yet.

The TIGER CUB staff welcomes Mr. Whealen and any assistance he will be able to give them in publishing a "readable" paper in the coming year.

is expected to apply her scholarship to a degree. All three students attended the St. Louis Campus for the past two years.

Remodeling Begins on Campus

Following the passage of bill 153 in Jefferson City, work has already begun on the remodeling of the St. Louis campus. Remodeling of the present building on the campus began in early July, but development of the new buildings will not begin until early spring.

Included in the developments, which were started during the summer, is the change made in the main office. It was completely rebuilt, so that the offices of Dr. James Bugg and Dr. Stephen Gribble and the main reception room were enlarged. The halls and the Student Lounge have also been repainted. Other changes will include the moving of the three secretaries and their student helpers into the

same office.

Dr. Bugg announced that a new sign reading, "University of Missouri - St. Louis Campus," will be erected in place of the present sign which reads, "University of Missouri, Normandy Residence Center."

The construction of the new building which is planned for January will be a continuation of the expansion of the university. By the fall of 1965 officials estimate that two buildings, including a science building and a classroom building, will have been erected for students. The present plan is that the fall of 1965 will be the beginning of the junior year.

A result of campus expansion, the limited conditions under which the office staff performed this summer.

Former Students Receive Awards

Three St. Louis Campus honor students, Michael Lindhorst, Toby Gralnick, and Darlene Wise, have received scholarships from Washington University. The scholarships will be used for two consecutive years or until the requirements for a bachelors degree are fulfilled. Each scholarship can be applied to the regular fall or spring semester provided the students stay on a full time basis and maintain a record deemed worthy of a scholarship student.

Lindhorst's scholarship provides full tuition in any college at Washington University for the next two years. Mike was a Student Association president for the school year 1962-1963 and is expected to apply the scholarship to a degree in mathematics.

Toby Gralnick, a campus sophomore last year, received an award of \$675 for each semester of the next two years at Washington University. Miss Gralnick plans to apply the money on a degree in elementary education.

Two hundred and seventy-five dollars a semester for the next two years at Washington University was awarded to St. Louis Campus Sophomore Darlene Wise. Darlene

Bright Future Planned For St. Louis Campus

Growth is the most important aspect of life. If a thing does not grow, it cannot endure and will soon be forgotten.

Growth at the University of Missouri has just begun, however, and with the transfer of property on September 15 the two year Residence Center will become a fullfledged four year branch of the University of Missouri.

Freshmen entering this September will be able to complete their education at the University of Missouri at St. Louis. Upper classmen will have to transfer to another college until 1965 when the junior year will be added, or 1966 when the school will expand to a four-year college.

Since the St. Louis Campus opened in 1959, enrollment has increased from 250 pupils in 1960 to approximately 650 this semester.

The 128 acre tract, bought in 1959 for \$600,000, contains a clubhouse, a lake, tennis courts, and a golf course.

\$3,500,000 has been appropriated by legislators for construction of two large buildings, a science building and a building containing classrooms. An additional \$685,000 was appropriated for operation of the school for the next two years.

Dr. James L. Bugg, Jr., recently appointed dean, said construction of the two buildings will begin in March of 1964 and be completed by 1965. When the buildings are finished, the old clubhouse will house the administration offices, the library and the student union. The clubhouse has been used for classrooms since the Center opened.

Two thousand students are expected by 1966 and 5,000 by 1970. By 1975, 10 or 12 buildings are anticipated to be on Campus. Estimated enrollment for that time is 15,000.

The school will continue to be primarily an arts and science institution. At present no graduate classes or dormitories are included in construction plans.

Salute to the Advertisers

In the past years the Tiger Cub has acted as the medium of communication for news and sports that are of great interest to the students of the Residence Center. We have watched and aided in the growth of the school from its very beginning as a one year university to a four year branch of the University of Missouri, which will officially take place on October 13, 1963.

We feel that the Tiger Cub owes much of its success to the past members of the staff. We also owe a great deal to the business men and women of the community who have placed a great amount of faith in both our paper and our school. These people are the advertisers whose advertisements adorn the pages of the Tiger Cub. We realize the importance of advertising as well as we know the importance of our paper and school.

The Tiger Cub cordially invites YOU, the students to support your school, your paper and the advertisers both old and new for the '63-'64 school year.

Let's Be Frank

We all know there are certain people in the world who belong to an elite group. They are grippers. These people are never satisfied with anything. They're either complaining because their team lost the game, the decorations for the party went up wrong, their grades were not satisfactory, the school doesn't have enough activities for them to find one suitable to join, or the activity they do join keeps them to busy to do anything else.

It seems as if this type of person always does the same thing—nothing! He never bothers to go out for the team, and whenever help is needed for the party decorations, either he has work to do on his car or take his girlfriend out to get a new dress for the dance. They never try to complete assignments on time, and as far as activities go, they never bother to look around to see what activities are offered. If it happens that they join a club, they complain about the work they have to do or the time it takes to do it.

The way this person acts, of course, does not help his personality, and as time goes on he loses any friends he may have had at one time or another.

In contrast to this person there are the people who always take part in school activities and have also time to get their assignments in. They seldom complain about anything, even when their team loses or the party decorations are not perfect.

When it comes to joining activities, this is the person who does not have far to look to find what he enjoys. If his favorite sport or field of interest does not exist on campus, he has the ambition to

find out why it does not exist. And if enough people are interested in his project, he will originate a new club. Once he joins a club, he does his best to see that it is as good a club as there can be. He does not complain about the work unless there is entirely too much for him to do alone.

As a result of not complaining, this person has a pleasing personality and many friends. He is happy to be the person he is and does not make himself out to be what he is not.

Of these two types of people, the latter should be taken as our example. The way this person acts can be summed up in the following words: "Do your best, be satisfied, and don't gripe."

Scholarship Winner

Miss Carole Beiser, daughter of Mr. and Mrs. Kermit Beiser, 7010 Winchester, Pasadena Park, has been awarded a two hundred and fifty dollar scholarship. The grant, given by the Normandy Kiwanis Club, must be filled by a person in need of financial aid and one whose moral code and scholastic ability reflects his good character and citizenship.

The committee, which chose Carole from the nine applicants, is composed of representatives of the Kiwanis Club, Normandy High School, and Incarnate Word Academy. Mr. Harry O'Brien, Mr. James Lammers, and Mrs. Oscar Schmelig represented the Kiwanis Club. Mr. Morris Blintz and Mr. C.E. Potter represented the St. Louis Campus, while Mother Eleanor was the Incarnate Word Academy representative.

Tiger Cub Platform, Tribute & Standard

As in the past years the TIGER CUB is proud to present its platform to the student body. We feel that the past and present students of the St. Louis Campus have expressed a great degree of interest in the work we are doing. We have endeavored to bring to light not only factual information but also the opinions of the editors, which are of importance to YOU, the student.

The expansion of the St. Louis Campus, which will tentatively be completed by the '65-'66 school year, has evolved from the efforts of the people within the community and the students, who have pushed toward the growth of our school to a four year branch of Missouri University.

We feel that our school offers much to the student, not only in social awareness and physical maturity. In the same light, the student's opinion concerning school

affairs and activities is of great importance and through the TIGER CUB he is allowed to express this opinion.

We have found that every student that has walked these halls has aquired a form of school spirit which has gone unmatched. This spirit has made for better student understanding of the ideals expressed in the TIGER CUB platform. This platform has and will remain as the backbone of the TIGER CUB for the entire school year.

In the September 13, 1962 issue, the TIGER CUB dedicated its platform to the public. This year we wish to dedicate it to past editors and staff of the TIGER CUB and hope that we too can live up to the standards imposed by it.

OUR PLATFORM: "Fighting for the growth of the student within the school and the school within the community."

TIGER CUB Fighting for the Growth of the Student in the School and the School in the Community.

SUPPORT THE TIGER CUB

Ebbinghaus States Student Association Program for '63-'64

Plans for expanding the services and activities of the St. Louis Campus's Student Association during the 1963-64 school year were announced recently by Bill Ebbinghaus, S.A. President. The first of such changes will involve the intramurals with Jerry Stimson Vice president of the S.A. in charge. Stimson stated that plans were being arranged for intramural basketball, softball, volleyball and touch football. Jerry hopes to begin the football games in early October, following with the seasonal sports.

Six dances are being planned by the S.A. for the coming year beginning with a Halloween dance in October and ending with Inaugural Ball for the new S.A. officers.

A new service will aid students, a student advisory and tutoring service which is now being organized. Bill suggested that all students having difficulty with any of their subjects should seek the advice of this organization.

Any student who wishes employment will be able to register with the student employment organization. Ebbinghaus stated students should leave their qualifications in the S.A. office (room 127) with their available working hours. As work comes in, qualified students will be notified of the openings.

"I want to urge all students new and old who are interested in student government to run for positions on the S.A. Senate," Ebbinghaus said. "We plan to have these elections near the middle of October. Petitions requiring only 10 signatures will make a student eligible to run, and will be available in room 127 the 1st week of October. All freshmen not on scholastic probation and sophomores with a 2.0 grade average will be eligible. I also wish to express to YOU, the student, the importance of student participation in S.A. activities. The S.A. needs your support and interest in school dances, intramurals, and intercollegiate sports. We feel your participation will benefit both the S.A. and YOU, the student."

Bill Ebbinghaus

Mrs. Wright Mr. & Mrs. Swim

The addition of the matron, Mrs. Swim, provides the woman's touch in housekeeping. Mrs. Swim has charge of the various cleaning chores throughout the building. She is in charge of cleaning the faculty offices, the girls' restrooms, the library, carpeting and the tables and chairs in the cafeteria.

A new stenographer, Mrs. Nancy Wright has been added to the office staff. Mrs. Wright is general stenographer, in charge of all typing tasks. She will also serve as a receptionist in the main office.

Although students were sorry to see Mr. George Haines, chief-custodian, retire last May, they welcome the new custodian and matron, Mr. and Mrs. Desnaa Swim.

Mr. Swim is in charge of all the general maintenance of the inside of the building. Some of his varied duties will be: to keep the cafeteria floor swept; to have the desks straightened, blackboards cleaned; and to wash the windows.

Faculty's Number Increases; New Subjects for Returning Instructors

Many new faces will appear among the ranks of instructors on the St. Louis campus this fall.

DAVID ALLEN: Mr. Allen received both his B.A. and M.A. degrees from the University of Missouri. Mr. Allen comes to the St. Louis campus after having taught English on the campus in Columbia.

DR. RAY GENE BURNS: Dr. Burns earned his A.B. and M.A. at the University of Maryland and his PhD in Diplomatic History at the University of Missouri. He taught at Goucher College, a liberal arts girls' school in Baltimore, Maryland before working with the Far East division of the University of Maryland in Tokyo, Japan last year. He will teach western civilization.

DAVID CAMPBELL: Mr. Campbell received his B.A. at Arkansas State College and his M.A. at the University of Missouri. He has had one year of graduate work at Washington University. Mr. Campbell taught in an Arkansas high school before teaching at Jennings high school. Mr. Campbell will teach zoology and botany.

SCOTT CHISHOLM: Mr. Chisholm earned his A.B. and M.A. at the University of Missouri. He taught on a part-time basis at the Columbia campus before accepting his position on the St. Louis campus. Mr. Chisholm will teach English.

MARY DUFFE: Mrs. Duffe received her B.A. from Missouri University and M.A. at Washington University. She taught at St.

Elizabeth's Academy before coming to the St. Louis campus. Mrs. Duffe will teach one course in French.

THOMAS GARST: Mr. Garst received his B.A. at Antioch College, his M.S. in Library Science at Columbia University in New York, his M.A. at Washington University and at present is working on his PhD. at Washington University. Mr. Garst taught in Mexico for three years for the United States Cultural Institute. He will teach English.

OWEN GLEESON: Mr. Gleeson earned his B.A. and M.A. at St. Louis University. For the last two years he has taught at St. Louis University and will teach math on the St. Louis campus.

REGINALD HEYS: Mr. Heys earned his A.B. and M.A. at Washington University, however, he did some work at Colorado and Chicago universities. Last year he taught at Clayton high school. Mr. Heys will teach economics on our campus.

DR. ZORA LASCH: Dr. Lasch earned her A.B. and M.A. at the University of Nebraska and PhD. at Brynmower College in Pennsylvania. Dr. Lasch has taught at Washington University for the last 13 years. She will teach logic and philosophy on our campus.

IRMA MATHES: Mrs. Mathes received her B.S. and M.A. at Washington University. She is returning to the St. Louis campus after a year's leave of absence to work on her PhD. at Missouri University in Columbia. Mrs. Mathes will again teach sociology.

JANE PARKS: Miss Parks earned her B.A. and M.A. at the University of Missouri. She has taught two years at John Burroughs high school. Miss Parks will teach English.

DR. WILLES REALS: Dr. Reals earned his PhD. at Columbia University in New York where he was a Phi Beta Kappa. His previous experience includes being principal in New York and Pennsylvania high schools. His last position was high school principal at Ithaca high school in New York, the home of Cornell University.

DR. ERHARD REHBEIN: Dr. Rehbein received his M.A. degree from Washington University and his PhD. from the University of Bonn this year. His previous teaching includes schools in Dusseldorf and Kiel, Germany. Dr. Rehbein will teach German.

In addition to the new instructors, many changes were made in the subjects taught by returning instructors. Mr. Emery Turner will teach accounting and statistics which were previously taught by Dr. Stephen Gribble. Dr. Gribble will teach Math 7, a new course this fall, in addition to continuing as assistant administrator. The economics courses, previously taught by Mr. Turner, will be taught by Mr. Reginald Heys, a new instructor. Mr. Charles Armbruster, chemistry instructor, will teach Music 21, another new course, in addition to his chemistry courses.

Library Facilities Available to All Campus Students

Miss Helen Silverman, St. Louis Campus Librarian informed this reporter that the library hours this semester will be 8:00 a.m. to 10:00 p.m. Monday through Thursday, 8:00 a.m. to 4 p.m. Friday, and on Saturday from 10 to 4 or 12 to 4.

Miss Silverman will be aided by a full time library assistant and St. Louis Campus students who will work 15 hours a week this year. The arrangement of a new check-out desk makes it necessary for each student leaving the library with books to have them cleared by the attendant. Also emphasized was the fact that all late circulating books will be fined at 5¢ per day, and reserve books 25¢ per day or fraction of a day. Saturdays, Sundays and holidays will also be chargeable days in computing fines.

In addition to the remodeling that has taken place during the summer on other parts of the building, two large fluorescent lights which were originally in the central office have been installed in the south room of the library. Installed also were two air-conditioners which were removed from the Student Lounge because they were not being used. It was the decision of the administration to cool the library which is difficult to ventilate, instead of the lounge.

By the beginning of the fall semester the library having doubled

itself in size the last year will contain nearly 4,000 books.

The greatest portion of books up to this date has been received in the department of Critical Works and Literature.

Miss Silverman explained that the library operates on a separate budget entitling her to purchase books which she thinks would be of value to the students. Each department, however, is able to make his own selection of books which he feels would be necessary.

Special attention was given to the fact that the library is a study hall where the student can work free from distractions; it is not a place for social gatherings.

Second Great Year for Concert Series

The annual concert series held on the St. Louis Campus will open its 1963 season on October 28. The Concert Series which proved to be a great success last year, will continue this year with a series of four concerts offered free of charge to the general public in the auditorium (room 108). The concerts will be given every two months and will last approximately one and one half hours.

The first concert on Monday, October 28, at 8:00 p.m. features the Arestia Ensemble directed by William Schatzkammer. The Arestia Ensemble, a string orchestra composed of sixteen members from the St. Louis Symphony, made its debut last year on the St. Louis Campus.

The feature work at the first concert will be a trombone concerto, "Concertino d'Hiver." Bernard Schneider, trombone soloist, will be the principal musician in the first production of this piece

in the St. Louis area. The rest of the program for the October concert has not been decided as yet. "Concertino d'Hiver" composed by Darius Milhaud (1892 -) was written in 1953 and performed for the first time in the U.S. in March of 1954.

Tentative plans for the remaining concerts include the St. Louis String Ensemble conducted by Henry Orland. Dr. Orland has not announced what the nature of the Ensemble program will include.

Mr. Charles Armbruster, Professor of Chemistry and Chairman of the Concert Series, stated, "We certainly appreciate the warm acceptance and wide support shown to the Concert Series in its first season by students, faculty, and community. In anticipation of continued support the Concert Series will be presented again this year.

The funds for the series have been made available in part by the St. Louis Musicians Union and by the University.

Doerr Leads Bowlers

Carl Doerr, junior, will head the St. Louis Campus's bowling team in its fourth year of competition, beginning the week of October seventh. Any men interested in joining the team should contact Carl Doerr at EV 1-3768.

The American Bowling Congress sanctions the handicapped league. No prize money will be offered to the winning team, only funds for a first place trophy will be raised, allowing the league to operate well below the cost of other winter leagues.

Doerr explained that because of the league's handicap and improvement throughout the year, team members will now need a consistent 160 pin average instead of the 150 pin average required last year. Doerr will be joined by George Cull, Barry McClintock, John Nagel and Mike Shepard to form the nucleus of this year's squad.

Ten to twelve teams will compose the league this year, instead of the 24 teams in the 1962-1963 season, including representatives from Washington and St. Louis Universities, Eden, Concordia, and Parks Colleges.

The St. Louis Campus's entry last year was composed of Carl Doerr, Jerry Brooks, Barry McClintock, Keith Eilerman, Mike McCrudden, and Mike Shepard. Shepard showed the most improvement by raising his average a total of 18 pins with an overall average of 162 pins.

31 Juniors Return To St. Louis Campus

The St. Louis Campus will have thirty-one students returning this fall, who have completed all their freshman and sophomore courses. These people will constitute the first junior class on this campus, even though there will be no official third year until the fall semester of 1965.

Because of the benefits they will receive from staying in the metropolitan area, these students have chosen to remain here in order to work on electives and to fulfill requirements in the School of Art and Sciences. Chief among these benefits is the fact that a student who lives at home finds it much more inexpensive than attending a such as the Columbia Division of the University of Missouri. It is also true that some students find good jobs in the St. Louis area, and it is through these that they pay their way through college.

And so, with the advent of this class, our St. Louis Campus will find itself on the way to becoming widely recognized as the fine institution we believe it is. Let us hope that his first junior class will be the guiding light and inspiration for the ones to follow.

MU Reveals Deans List

Fifty-two St. Louis Campus students, enrolled for fourteen or more credit hours, achieved a 2.75 or better grade point average for the winter semester, 1963. These grades are based on the four point system and qualify the students for the Dean's list.

These fifty-two students represent approximately ten percent of the total number of students enrolled at the St. Louis Campus last semester.

The following students achieved a grade point average of 2.75 or better:

Kenneth Anderson
Barry Broder
Janet Bux
Sandra Carpenter
Gary Clark
Sharon Cook
Susan Doyle
Bill Ebinghaus
Carol Entzeroth
Dollie Fritsche
William Fussner

New Subjects Provide More Classes; Music, Education Courses Included

Due to the increase in the number of students attending the University this fall, several changes have been made in the curriculum.

B 125 History of American Education is a comprehensive study of the development of American education. It stresses American educational ideas, the American school system and the social factors affecting American education.

Music 21 An introduction to Music Literature, gives no credit for music majors. It is simply a survey of materials of music including selected masterpieces from all fields of music literature. This music course may be taken in partial fulfillment of the thirteen semester hours in Humanistic studies required for a degree in the College of Arts and Science.

Math 7 Introductory College Algebra, is a three hour math course for students planning to enter the School of Elementary Education. It takes the place of Math 10 for students in the education field.

English 3, a three hour course for Honor Students, is now labeled English 65 GH. Students who achieve a grade of 'B' or better in this course can receive six hours credit.

Also offered is English 50 Narration. Prerequisites for this course are six hours of composition or equivalent and one semester of any literature course.

Two courses have had course number changes. Western Civilization 2 has been changed to Western Civilization 1. The greatest difference in these two courses is the time period studied. Course No. 1 covers the period of B.C., from the beginning of recorded time, to 1600 A.D. Course No. 2 covers the period from 1600 A.D. to the present.

St. Louis Campus Night School Enrollment to Reach 700 in '63

The University of Missouri Extension Division will hold the majority of its Adult Evening Classes at the St. Louis Campus. Approximately 700 students are expected to attend classes which begin September 23 at 7:30 p. m.

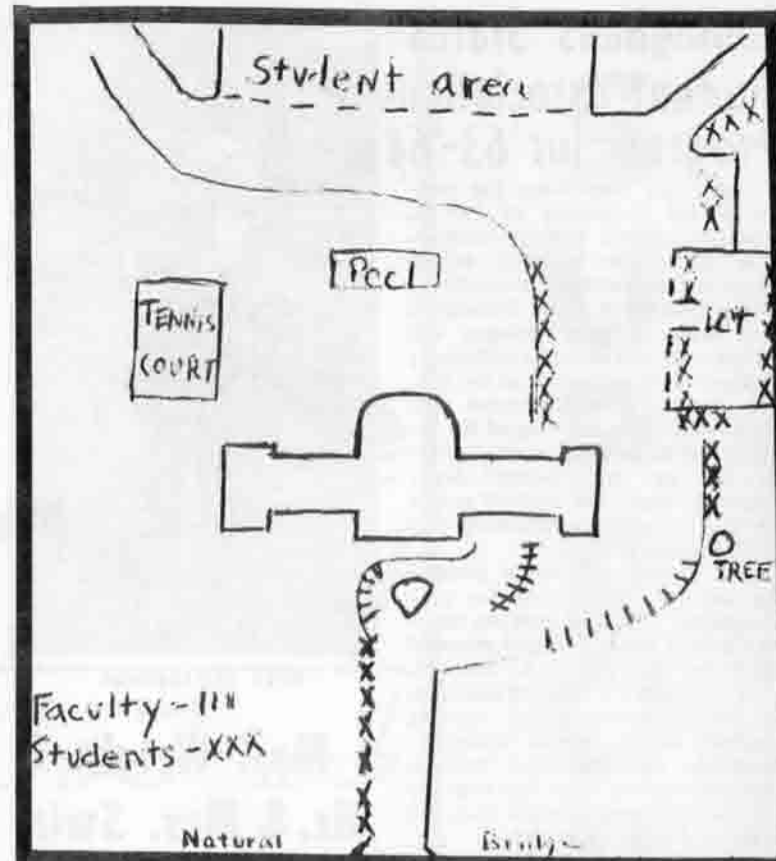

For the benefit of South-county residents, classes will be held at Lindbergh Junior High School, Normandy High School, Missouri School for the Blind, Maplewood-Richmond Heights Junior High School, McKnight School, and Webster Groves High School will each offer one course for college credit.

The Division is offering fifty-two undergraduate and graduate courses for credit in art, accounting, business, economics, education, English, Spanish, French, geography, history, government,

horticulture, journalism, library science, mathematics, engineering drawing, nondestructive testing, philosophy, psychology, sociology, speech, and conversation. A minimum of twenty students will be required to form each of the courses.

All but seven courses carry three hours of credit and meet from 7:00 to 9:30 p. m. Two hour courses meet one evening each week for two and one half hours, for eleven weeks. Three hour courses meet one evening each week, for two and one half hours of instruction, for sixteen weeks. The fee is \$15.00 per semester hour. All fees will be returned if the class does not materialize.

Enrollment will be from 4:30 to 8:30 p. m. daily, Sept. 9 through 13 on campus.

No Difficulty Foreseen in Campus Parking

With the start of the school year there is always a parking problem because new students are not familiar with the campus parking regulations. To park on the campus, all students are required to purchase a parking sticker for \$1.25; extra stickers are available for twenty-five cents. Stickers will be affixed on the lower left corner of the rear window in sedans; but on convertibles, trucks, station wagons, etc., they will be placed in the lower right hand corner of the windshield. Students parking on campus must park only in areas assigned. Anyone parking in an unassigned area or who does not have a sticker will be required to pay a fine. The first offense is a \$1.00 fine, the second \$3.00, and the third results in off campus

parking for the remainder of the school year. Of course you don't have to pay the fines if you don't want to, but any fines incurred will have to be paid before you receive your grades. Any student who feels he has unjustifiably received a parking ticket, may appeal his case to the student court. In return, the court will pass judgment to the validity of the charge against the student.

Besides parking in assigned areas, students must also closely observe two other important traffic measures. The first is the 15 mph speed limit which will be strictly enforced, and the second is the stop sign on the east end of the building. Again you don't have to obey these signs either, but if you don't, one day you may find your steering wheel in your trunk.

There are only a few things to remember.

- 1) Buy your parking sticker, only \$1.25.
 - 2) Park only in assigned areas.
 - 3) Be cautious and drive with care, obey the speed limit and stop signs (especially the one at the one at the northeast corner of the building).
- These will make for easy traffic control on campus and decrease the chances of an accident.

In Memoriam

It is always saddening to hear of the tragic toll of young lives claimed by summer vacation accidents. This time, the tragedy has come nearer to each of us. Russell C. Crecellus, son of Mr. and Mrs. Russell O. Crecellus of 280 Saint Daniel Lane, Florissant, drowned this summer while swimming in the Big River with five of his friends from the St. Louis area. The accident occurred sometime after 3:00 p. m. on August 4, 1963. He was on an outing at a resort near House Springs, Mo. Two Jefferson County Sheriff's deputies and three firemen from Highridge tried to revive him but failed. He was pronounced dead by a physician who later arrived on the scene.

Russ was well known and liked by his many friends on this campus. He was planning on majoring in business and was an active member of the bowling team. This would have been his third year at the St. Louis Campus. Speaking on behalf of not only the staff of this newspaper but also the whole student body and the faculty, we would like to extend our deepest condolences to Russell's immediate family.

Our **Best Wishes** to you for a pleasant & profitable year

... And speaking of profits, how about opening a checking account at Normandy Bank so you can keep track of those hard-earned dollars from your Summer job?
