University of Missouri
Saint Louis Campus

Concluding Concert to be Held April 11

The final presentation in the St. Louis Campus Evening Concert Series will feature the St. Louis String Ensemble, conducted by Dr. Henry Orland. Dr. Orland, born in Strassbourg, France, now lives in St. Louis and is professor of music at the St. Louis Institute of Music and the St. Louis Junior College District. This concert will be held at 8:00 p.m., Wednesday, April 1, in room 108.

Henry Orland, Conductor

The featured work on the program will be the world premiere of Dr. Orland's, "Symphony No. 4, opus 25." In this symphony are three movements which present three aspects of essential Man: of Love and the Eternal-Feminine:

1. Woman (Ariadne), dedicated and sacrificing, abandoned by Man, but eventually redeemed by Man's Love.

2. Woman (Episode), walled up alive by Man, later found to be Man's own heart of stone.

3. Woman (Psyche), lofty soul and irresistible beauty, naive and passionate, enduring other women's petty selfishness and jealous suspicion, learning to distinguish between Self-Love and Total Love before being eternally reunited to Eros.

Solists in this featured work will be Virginia Settle, soprano, and Jack Hart, reader. Mrs. Settle has appeared with the St. Louis Symphony Orchestra, the Opera Company of the St. Louis Institute of Music, the St. Louis Civic Opera and the Grand Opera Guild. Last summer she attended a music seminar in Munich, Ger-

Virginia Settle

many. She is presently teaching at St. Louis Institute of Music and at Maryville College. Mr. Hart is a well-known pianist and piano teacher in the St. Louis area. He has taught at St. Louis Institute of Music and currently teaches privately.

SA Executive Elections Tomorrow Two Parties, Independent Compete

Senate Elections Also Tomorrow In Main Lounge Social Activities Discussed At Senate Meeting

The Student Association Executive election will take place tomorrow, March 25, from 8 a.m. to 3:00 p.m. in the main lounge. As a result of the primary, March 13, there are four United Student candidates, two candidates from the Colligate Party, and one independent candidate.

A final tabulation of the votes from the primary show that 257 students voted, with Dave Zerrer leading the three presidential candidates with 101 votes, Bill Price next with 94, and Allen Payne 45. Other students gathering votes were Ron Strathman, four votes; Charles Curtis, one; and John Hudy, one. One voter was disqualified.

At the general assembly held March 23, the candidates for executive office presented their qualifications and platforms to the student body.

Executive Officer's qualifications on Page 3

The United Student Party is the only ticket remaining to offer voters a candidate for each office. Dave Zerrer is Presidential can-

didate, Elaine Stamm - candidate for Vice-President, Linda Mueller, candidate for Secretary, and Mike Mikulin, candidate for Treasurer.

The Colligate Party is left with only two candidates, as a result of Allen Payne's elimination in the primary and no candidate for the Treasurer's position. Paul Henton is candidate for vice-president and Sue Keim is the secretarial candidate.

Bill Price is running independently for the Vice-Presidential position.

The 257 students who voted in the primary election is approximately 32% of the student body (784).

Senate Elections

Also being held in the main lounge are elections for the St. Louis Campus Student Senators, which will determine the sophomore Senators for next year. The number of Senators to be elected will be determined by proportion, three per cent of the students from each class, and will be in office

from June, 1964 to June, 1965. The only stipulation for Senators is a 2.0 grade point average. The proportion of Senators to be elected will come up for revision each spring semester as the number of students increase.

When the TIGER CUB went to press nine petitions for Senator had been turned in. The nine are Marsha McMahon, Anita LoVan, Larry Timpe, Lloyd Hill, David Depker, Elizabeth Barrett, Ginger Eichman, and Mary Ellen McKay.

SA Purpose stated at Meeting

At the March 16 Student Association Senate meeting, Bill Ebbinghaus, President, outlined the two main jobs of the SA. He stated that it is first the governing force of the school and second it should organize and supervise campus activities; these two purposes should be carried out in this order.

Also discussed at this meeting were tentative plans for the Inaugural Ball to be held May 2 at the Sheraton Jefferson Hotel and a hayride which was proposed by Bill Fusner, Student Activities Chairman, to be held in April.

Young Republican Club Forms on Campus

On March 11, the young Republican Club was formed at Missouri University, St. Louis. Dixie McDonald presided over the meeting and Bill Erfurth, sophomore, was elected temporary president. At this meeting committees were set up to take charge of financial and publicity problems, and social events were planned for the coming months.

Students present for the meeting were honored to hear the President of the St. Louis University's Young Republican Club explain the essentials in forming and keeping the club active.

The next meeting will be held in room 108 at 2:30 p.m. on April 1, but don't let the date fool you. There will be something to interest everyone...even the Democrats. It is hoped that many will attend whether interested in joining or not. A surprise speaker is planned for the meeting.

Timetable

MARCH 25....Executive and Senate Elections from 8:00 a.m. to 3:00 p.m. in main lounge...Trip to University of Missouri, Columbia sponsored by Young Republican Club at 2:30 p.m.

MARCH 26-30, 8:00a.m. Easter recess. Office will be open Thursday, March 26 and Friday, March 27.

MARCH 30....Intramural Basketball meeting. See Bob Duffin for details...Rejuvenation of cafeteria with student body help.

APRIL 1....Final concert in series of four at 8:00 p.m. in room 108--Henry Orland conducts the St. Louis String Ensemble...Young Republican Club meeting at 2:30 in room 108...Mid-semester.

APRIL 10....Convocation to honor students at 10:00 a.m. in room 108.

Convocation April 10 Classes Dismissed

A convocation to honor all students with a grade point of 3.4 or higher will be held in room 108 on April 10, at 10:00 a.m.

Guest speaker at the convocation will be Dr. Edward M. Palmquist, associate dean of the School of Arts and Science at Missouri University, Columbia. Dr. Palmquist will speak on "Birth of an Idea," a lecture on Darwin.

All classes will be dismissed for the convocation.

New Constitution

The revised SA Constitution of the St. Louis Campus will be available to all students in Room 127, from 10:00 a.m. to 11:00 a.m. any day next week, March 30, through April 4.

The revised constitution was passed March 6, 1964, 140 for and 16 against. The constitution, was not passed.

Construction to Begin Shortly Perry Sites Two Problems

Proposed plans for the new laboratory and classroom building on our campus have been approved and construction is about to begin. Mr. John Perry, University business officer, stated that bids for construction will be called for in mid-March and will be returned in mid-April, with the work to begin shortly thereafter.

During the last session of the Missouri Legislature, \$3,500,000 was appropriated for construction and equipping of the building. Buildings will be added as funds become available from state appropriations.

Present plans call for a five-story faculty office building flanked on one side by a wing containing chemistry, physics, botany, and zoology laboratories with a 350 seat lecture hall on the first floor. The classroom wing will contain 31 rooms of various sizes and a 500 seat main lecture hall, also on the first floor. The first floor will open to the back, facing the lake. The second floor will have entrances facing Natural Bridge.

Completion of this building is

scheduled for the fall of 1965. With this addition, our enrollment can increase as quickly as faculty members can be added.

Mr. Perry outlined two main areas which must be given careful consideration in the development of the campus. These are parking and a Student Union building.

If parking now is a problem, what will it be like with 3,500 students attending classes daily? Plans call for a parking garage with elevated levels, comparable to those in downtown St. Louis.

A student Union building must be planned which will contain ballrooms, offices for student organizations, recreation rooms and a large cafeteria which is sorely needed.

Where the funds to build these will come from is still in doubt. It is hoped that the state will furnish some of the money needed. Bonds may be sold by the school to finance the balance. These are two problems that must be faced in the near future by the Student Association and administration.

Enrollment Closed for Fall Semester

The St. Louis Campus of the University of Missouri has been forced to close enrollment for the 1964 fall semester, Dean James L. Bugg, Jr. announced. He cited very limited physical facilities and an unusually heavy number of early applicants as the reasons. He emphasized that this does not apply to the Evening Division or to the 1964 summer session for which admission is still open.

Dean Bugg pointed out that the St. Louis Campus now has only one building which contains fifteen classrooms, one lecture auditorium, and two laboratories. A new building complex, which will provide adequate classroom and laboratory space for a student body of approximately 3500 will be completed in the fall of

1965.

"We are already ahead of the anticipated enrollment for this stage of our development," Dean Bugg explained. "We had expected to admit a maximum of 600 students last fall, but the demand was so great that we increased this to 673. This semester we have 784, and next fall we shall increase this to approximately 900. This will require us to schedule late afternoon classes in order to utilize the building up to the time the Evening Division classes begin. 900 is the absolute maximum." Dean Bugg explained further that the new campus intends to expand as rapidly as state appropriations can be secured and buildings can be constructed.

Additional story on Page 1.

Speaker on Genetics

Dr. Hampton L. Carson, Professor of Zoology at Washington University, spoke recently on "What Biology means to Ordinary People" in room 108. Dr. Carson, who has done much research in genetics, taught in Melbourne, Australia as a visiting professor.

According to Dr. Carson, the entirely new concept of organisms growing from only two cells was the greatest discovery of the last century and has greatly influenced the study of genetics. During the last 20 years, geneticists have been striving to understand how an organism is directed to grow like its parents. The discovery of DNA, the code which determines these characteristics of the organism, was made here in St. Louis by Albert Hershey working at the Washing-

ton University Medical School. As to whether heredity or environment determines the actions of a child, Dr. Carson said each has its role. The only question is to what extent each affects the child's mind is like a book with heredity determining the quality, and size and experience filling in the blank pages.

Dr. Carson also spoke on the origins and migration of man. He said that man, by migrating over the earth, has caused slight differences in his physical make up. These differences were caused by the geographical area in which the different groups settled in.

After a question and answer period, the audience adjourned for refreshments and an informal discussion with Dr. Carson.

Officers Elected

The newly elected officers for the 1964-1965 Newman Club are Bob Brown, president; Sharon Smith, vice-president; and Dick Bauer, activity chairman. Frank Kraft is chairman of the Intercollegiate Basketball Board and Sharon Wood and Mary Dolan are Co-chairmen of the Intercollegiate Volleyball Board.

The Newman Basketball team is meeting Washington University's team at 7:00 p.m., March 20, at Washington U. After the game there is a get together at

TIGER CUB

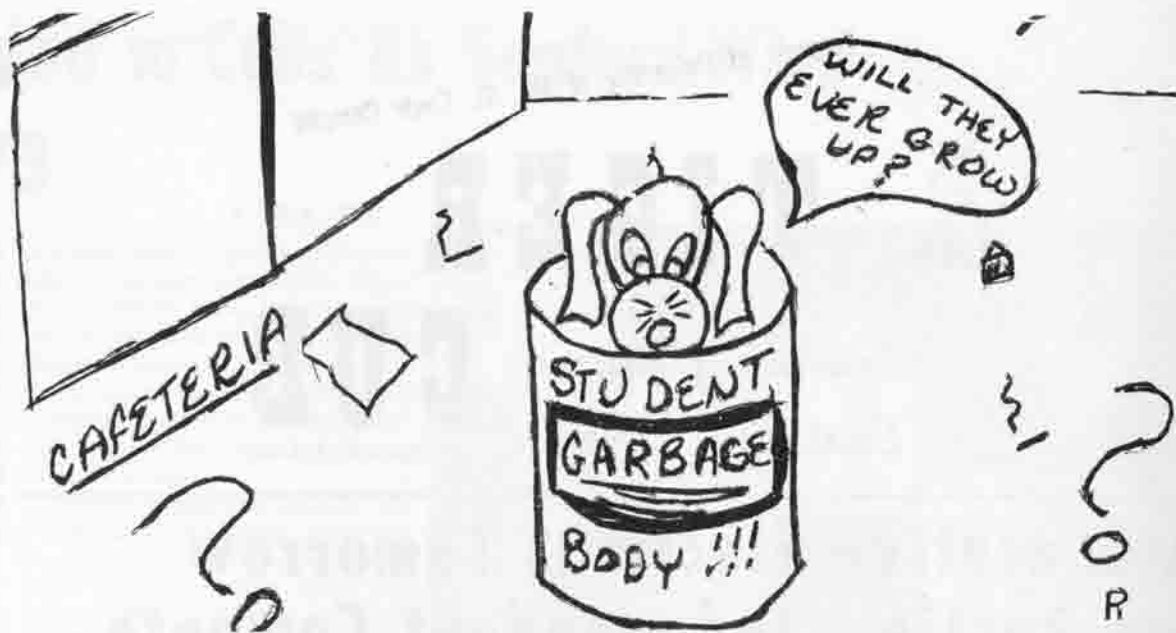

Fighting for the Growth of the Student in the School and the School in the Community

the Newman Center, 6352 Forsyth.

There is a mass each Friday at 3:00 p.m. at Mount Providence School for Boys on Florissant Road at Highway 70 (three minutes from school).

All girls interested in the girl's volleyball team which is just starting, get in touch with either Sharon Wood or Mary Dolan.

EDITOR - IN - CHIEF.....Kathy Connally

 Gloria Hunter, George Killenberg, Bob Madden
 Joel Parks, John Waellner, Judy Weland
 BUSINESS MANAGER.....Alan Stein
 PRINTER.....Grand Publications
 SPONSOR.....Mr. William Whealen

Positions

Any student interested in securing a position on the TIGER CUB staff for the 1964 - 1965 school year should contact Kathy Connally, editor; Pat Knarr, assistant editor; or Mr. William Whealen, sponsor as soon as possible.

Requirements for the editorship are good scholastic standing and a B average in English Composition 1 and 2 or a B in English 65GH or the recommendation of their last composition teacher. Other positions, page editors, sports and feature writers, must have a B average in English 1 and 2 or the written recommendation of their last composition teacher.

April 6 is the deadline for all petitions for editor and co-editor to be turned in to the English Department.

CONCERT

Continued from Page 1

Other selections to be presented are "Two Elegiac Melodies, op. 34" by Edvard Grieg (1843-1907), "Sonata No. 3 in C Major" by Giacomo Rossini (1792-1868), and John Ireland's (1879-1962) "Concertino Pastorale."

According to Mr. Charles Armbruster, Chairman of the University's Cultural Events Committee, the Concert Series has proved to be very successful. Each concert witnessed a larger group in attendance. The first concert in the series was presented October 23 and featured the Aristeia Ensemble, William Schatzkammer conducting. This was followed by Carolee Coombs, soprano, on December 18. On February 26 the St. Louis Chamber Orchestra and Chorus, under the direction of Ronald Arnatt, presented the third concert. The Concert Series has, this year, provided the St. Louis Area with a variety of music dating from 1600 A.D. to the present day.

These concerts are provided free of charge to the public by the University of Missouri, the University Student Association, Local #2 of the American Federation of Musicians, and patrons.

YR Excursion

The Shepily for governor committee is sponsoring a trip to the University of Missouri in Columbia for all who are interested. The group will leave on March 25 at 2:30 p.m. and return about midnight by a special bus which will be chartered to transport students there and back free. There will be representatives from fifteen other schools at this meeting. The place of departure will be announced at a later date. Bill Erfurth, president of the Young Republicans says, "This will be a great opportunity to view and participate in a political organization meeting, meet many people, and see the University of Missouri in Columbia...and best of all it's free." For more information call or see Bill Erfurth, Ha. 9-1523.

Letters to the Editor

Dear Editor:
 When will the hours for summer School be announced?

J.B.
 The schedules of days and times for all Summer School courses should be ready by the middle of April. (Editor)

Dear Editor:
 Will students presently attending the St. Louis Campus be allowed to use the swimming pool this summer?

K.P.
 Tentative plans are to allow St. Louis Campus students to swim this summer. However no definite plans have been announced as to the cost per student to pay for a lifeguard. (Editor)

Announcement

Starting April 13 through April 24, all students planning to return to the St. Louis Campus for the Fall Semester 1964 should see their adviser to plan their schedules. After completion of a satisfactory schedule these students must make a \$20 deposit on their incidental fees in order to secure a place for next fall.

Specific instructions will be issued in the near future.

In And About The Campus

by Joel Parks

With Spring approaching, the effects of the warm weather can be seen on the students of the S.L.U.M. CAMPUS. At present we have one of the largest, most beautiful, uncluttered campuses in the area. Because of the vast tracts of uninhabited land, in connection with the warm weather, strange effects may be seen on many of the students on campus.

Students who seem to have slept with their eyes open through two months of Botany lectures suddenly are compelled to take a "nature walk" to the far reaches of this campus, especially if their steady cuts English class to accompany them. Someone will open the windows in the cafeteria letting five months accumulation of cigarette smoke escape. While the smoke is billowing out the windows, someone from Normandy Junior High School will call Dean Bugg reporting our turbid condition by shouting that our cafeteria is on "Fire."

Driving enthusiasts will torque up their machines for a spin around the loop road which circumvents our Campus (well it only misses going all the way around by about fifty feet.) This year a

Circle K Club Established Here., Elected Officers Plan Activities

In cooperation with the Normandy Kiwanis Club, Mr. Richard E. Haefer, an officer of the General Insurance Corporation of America, and Mr. E. Turner, instructor in accounting and statistics, have collaborated in establishing a Circle K Club at the St. Louis Campus. The Circle K Club is organized to serve the community, the school, and its members. Meetings are held every Wednesday at 12:00 noon in room 125. All interested male students not on scholastic probation are welcome to attend. Tentative plans for activities include a tour of the Federal Reserve Bank, a lecture by Wayne Goode, state congressman, and a picnic near the end of the school term. Each week, one member of the club is invited by Mr. Haefer to attend a luncheon at Norwood Country Club as a guest of the Normandy Kiwanis. Each weekly luncheon has a guest speaker and provides college students

new idea in folk singing under the Pine trees will also be incorporated into the unplanned activities.

On the first of April everyone will be watching the lake to see if the 6000-ton sea monster will make his annual appearance. Last April first he was reported dead from acute attack of indigestion after eating one of the cafeteria's hamburgers. An unconfirmed report has reached the SA office from last semester's zoology students stating that the monster "has fully recovered from last year's traumatic experience and has fashioned himself a green Beatle Wig" from the sea-weed he swims in, on, around, with, by, and through. He intends to descend on the cafeteria in revenge, singing "She loves me, yeah, yeah, yeah."

A drive has been started to fill the swimming pool with beer again this year (it was unsuccessfully attempted last year) but it is feared that the faculty will erect signs around the pool declaring "For Faculty Use Only." If the beer filling plan falls through again this year the pool will be filled with water just in time for all the regular full time students to enjoy one swim, that is, if they are lucky.

opportunities to get acquainted with businessmen in and around St. Louis and to obtain a better understanding of civic life in the St. Louis area.

Note: At the March 18 meeting officers were elected. The officers are Bill Fussner, President; John Hudy, Vice-President; Mike Shepherd, Secretary; and Jerry Stimson, Treasurer.

Candidates For SA Offices Students Work

United Student Party

Dave Zerrer, United Students' candidate for the presidency, has been a member of the Senate for two semesters and has been active in committee appointments. He has achieved a 2.5 grade average for his two semesters on Campus.

Zerrer graduated in 1962 from St. Thomas Aquinas high school where he was a member of the Senior Planning Committee. He was active in intramural football last fall, and is majoring in English.

Elaine Stamm, Riverview Gardens high school, is United Student's candidate for the Vice-presidency. She is attending the St. Louis Campus on scholarship and achieved a 3.3 grade average for her first semester.

Linda Mueller, United Students' candidate for secretary, is a graduate of Normandy high school.

In high school Linda graduated 25th in a class of 451, was President of the Junior Honor Society and a member of the Senior honor society, and she was active in Student Council. Linda achieved a 3.0 grade point in her first semester on Campus and is majoring in history.

Mike Mikulin, United Students' candidate for treasurer, works part-time at the Globe Democrat in the Accounting Office. Mike attended Leadership school with the CYC, was past president of St. Ann's Youth Organization, and is presently an adult advisor for the organization.

Mike is a graduate of Normandy high school where he was a member of the National Thespian Society and the Yearbook Staff.

He achieved a 2.31 grade point for his first semester on Campus and is majoring in Engineering.

Independent

Bill Price, independent candidate for president, achieved a 3.18 grade average in his first semester on the Campus. He is a member of the newly-elected Senate and is active on the Social Committee.

Price graduated from Normandy high school where he was a member of the marching band and ranked 38 out of 451 graduating seniors. He plans to major in Journalism.

Collegiate Party

Paul Henton, a graduate of Normandy high school and Collegiate's candidate for vice-president, achieved a 2.92 grade average in his first semester on Campus. He is a member of the Senate and of the Student Welfare Committee. Paul is a reporter for the TIGER CUB and is planning to major in law.

Sue Keim, Collegiate's candidate for secretary, achieved a 3.18 grade point in her first semester on Campus. She is a member of the Student Court, and works part-time at Monsanto.

Sue graduated from Incarnate Word high school where she gained executive experience serving as secretary, president, and vice-president of three different clubs, and where she was a member of the Honor Society.

About ninety per cent of the students on the St. Louis Campus hold part-time jobs during the school year. The school employs nineteen of these students to the office staff, the library personnel, the faculty, and the maintenance department. Depending on their jobs, the student employees work from ten to fifteen hours a week, and in some cases more. Some of them continue to hold jobs over the summer months.

Students who are working full time in the office are Jane Basye, Kathy Connally, Pat Knarr, Mary Jane Mentzel, Ron Pipkins, and Debbie Spencer.

The faculty have students doing bibliography work, typing, and acting as lab assistants. They are Bill Ebbinghaus in the science department under Mr. David L. Campbell, Mary Epstein and Janet Wahl in the social studies department under Mr. Harold Eickhoff, Mary Holtgrewe in the language department under Mr. J. Herbert Schweich and Esther Mueller under Miss Catherine Wetteroth, Betty Karsted in the humanities department under Dr. William C. Hamlin, and Michael Shepherd in the accounting and statistics department under Mr. Emery C. Turner.

Assisting Miss Silverman in the checking-out and returning of books, the repairing of books, and the general upkeep the campus library are Ken Campbell, George Cull, Barb Diebold, and Bob Madden.

The regular maintenance men also have student assistants to help them keep the campus in best operating order.

These students are Robert Mack, Sterling Vasser, and Dave Zerrer.

Second Place Trophy Awarded to Cubs as Sanford Wins Championship Game, 82-73

Sanford-Brown Business College dethroned the Tiger Cubs as champions of the Greater St. Louis College Conference by dumping the St. Louis Campus cagers, 96-76, in the league playoff battle at Concordia Seminary March 9. Coach Bob Meyers' squad finished the season with a record of 12 victories and 14 defeats.

The game was tied three times in the opening minutes, but Sanford grabbed the lead to stay at 7-5. The first half ended with Sanford on top, 44-28. Dave Willson's 12 first period points kept the Black and Gold cagers in contention.

Sanford held leads of as many as 21 points on three occasions in the second half before the Cubs rallied to cut the margin to nine, 82-73. At this point Sanford regrouped its offense to put the game out of the St. Louis Campus team's reach.

Willson paced the Tiger Cubs' scoring attack with 22 markers, while Bob Brooks and John Sarantakis fired in 16 and 12 points, respectively.

The St. Louis Boys' Club knocked the Tiger Cubs out of the championship bracket of the Kiwanis Invitational Basketball Tournament March 5 by nipping the squad 86-85 in overtime at the Boys' Club gym. The defeat snapped an eight game St. Louis Campus winning streak.

The cubs overcame a 45-36 half-time deficit to knot the score at the end of regulation time in the

semi-final contest.

Rich Malter topped the St. Louis Campus scoring attack with 16 markers.

The cagers rolled to their eighth win by smashing Frisco Railroad, 109-71, in an opening round contest of the KIBT, March 2.

Every member of Coach Bob Meyers' club scored, with Charlie Platipodis and Bob Crews notching 22 and 21 points, respectively.

The Tiger Cubs completed their regular season with a 108-58 triumph over Christian College at St. James gymnasium February 28. The victory enabled them to tie Sanford-Brown Business College Conference.

Bob Brooks and Charlie Platipodis topped the high-scoring Black and Gold cagers with 25 and 22 markers, respectively. Ron Pipkins totaled 12 points, Rich Malter and Jim Naughton 11 apiece, and Gary Clark, 10.

John Sarantakis' two clutch field goals with less than a minute to play boosted the Tiger Cubs to a thrilling 77-74 victory over the St. Louis Boys' Club February 27 at Normandy Junior High. The win avenged an earlier loss to the same team.

The game was tied nine times, with the largest lead being an eight point advantage by the Cubs twice.

Coach Bob Meyers' cagers held a slim 38-34 lead at the half. After the lead had changed hands several times, the Boys' Club

grabbed their largest lead, 66-59, late in the second half. The Tiger Cubs battled back, however, and regain the lead at 71-70 on Rich Malter's field goal. Malter hit from the field again to give the St. Louis Campus squad a three point margin, and set the stage for Sarantakis' two scores.

Charlie Platipodis paced the Black and Gold scoring attack with 16 markers. Other high-scoring Tiger Cub marksmen were Bob Crews with 15 points, and Bob Brooks and John Sarantakis with 14 and 11, respectively.

The Tiger Cubs extended their winning streak by downing Logan College, 98-74, in a Greater St. Louis College Conference contact February 26 at Normandy Junior High.

Coach Bob Meyers' cagers trailed only once, 2-1 in the opening minute of the game.

The Black and Gold cagers continued their hot shooting in the second half, and led by as many as 34 at one point, 82-48.

Platipodis led all scorers with 24 points, while Ron Pipkins and Bob Brooks pitched in with 15 markers apiece. Rich Malter and Bob Crews fired in 13 and 10 points, respectively.

The cagers drubbed the St. Louis College of Pharmacy, 94-72, on the Concordia Seminary court, February 18.

The largest lead enjoyed by the Tiger Cubs was a 25 point advantage in the first half. The St.

Tri-Captains, L-R, Charlie Platipodis, John Sarantakis, and Dave Willson with second place trophy from Greater St. Louis College Conference.

Louis Campus squad had to check a determined rally by the Pharmacy club which cut their lead to only 10 early in the second period.

Charlie Platipodis netted 21

points to lead the St. Louis Campus scoring barrage, and received able support from Bob Crews and Bob Brooks who gathered 17 markers apiece.

Team Records

L.P. - \$2.80, 45's - .98

- B. Brooks - (personal high) played whole season (26 games) without a bra!
- G. Clark - five fouls in four minutes.
- B. Crews - (national high) 47 consecutive shots without a pass. (Came to six practices)
- E. Floyd - played 11 games without a pair of pants!
- R. Malter - (1 game record) 18 assists AND 25 GAMES PLAYED IN A DAZE.
- L. Mickey - (personal high) two (2) points.
- J. Naughton - average dropped from 14 to ?
- R. Pipkins - tearing down four back boards on layups.
- C. Platipodis - 12 consecutive games without a knee brace or a rebound.
- J. Sarantakis - 29 consecutive starting and scoring games, (personal high) scored 100 points in a game.
- T. Thoele - 58 consecutive bounces before passing off.
- D. Willson - eight consecutive games without a bloody nose!

SA Announces Intramural Funds

Student Association funds appropriated to the Intramural Committee of the Senate will principally be used to purchase athletic equipment, Bob Duffin, Intramural Chairman, has reported.

Nearly a third of the \$250 appropriated will be spent for two basketball goals and standards to be erected on the north tennis courts. A volleyball set and a volleyball will be purchased for the women's intramural program.

Remaining funds will go for entry fees in the Inter Collegiate Softball League and for trophies in the singles, men's doubles and mixed doubles tennis championships.

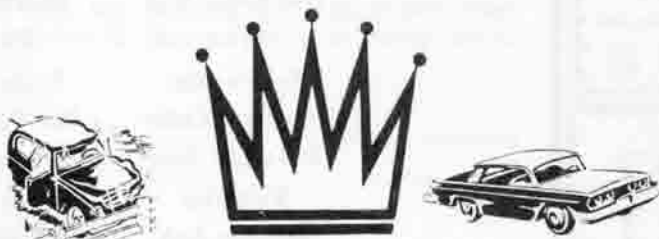

The Intramural Committee is investigating the possibility of installing a trophy case in the front hall. The funds for the project will not come from the budget already appropriated by the Intramural Committee.
