Financial Aid Offer Guide

We understand that financial aid can be very confusing. We have compiled this guide to help you navigate your way through the financial aid process.

For more information, visit financialaid.umsl.edu.

Financial Aid Checklist

- Accept aid offers and/or loans in MyView after you've read your aid offer letter.
- Accept scholarship offers in MyView.
- Complete Direct Loan Master Promissory Note (MPN) and loan entrance counseling if you have accepted loans.
- Complete all of the items on your To Do List in MyView.
- Notify our office if you receive additional aid.
- Grant e-consent in MyView to gain full online access to your student account.
- Activate and check your UMSL email account often.
- Review the Student Financial Services Guide to Paying Fees.
- Remember to check your bill after enrollment to see your specific charges.

I'm still lost! What do I do?

Every student has their own Financial Aid Coordinator. Contact us to find out who yours is and let us know how we can help you.

Information for Parents and Families

If a parent or guardian will be helping you with your aid, you can provide them with access via the Additional Authorized Access link in MyView. This authorization will allow us to speak with that person regarding your financial aid.

Mark Your Calendar

You must reapply for financial aid every year.

Be sure to renew your FAFSA and Scholarship Applications.

- The 2022-2023 FAFSA will be available **October 1, 2021** and will use 2020 tax information.
- Priority deadline for students is **February 1, 2022** for scholarships and grants. Submitting after this date may cause you to lose your eligibility.

We strongly encourage you and your parent(s) to use the Data Retrieval Tool on the FAFSA to provide the most accurate tax information.

Special Circumstance Process

At UMSL, we understand you or your family may have unusual circumstances that are not reflected on your FAFSA and that might affect your financial aid.

Here are some examples of situations that may cause your current situation to differ from the one on your FAFSA.

- Loss or change in employment or wages for you or your parent(s)
- Unusual medical or dental expenses
- Loss of benefits
- The student has child care expenses related to his/her enrollment in school
- The student (or the parents of a dependent student) are paying private school tuition for a dependent child
- Divorce or separation of parents (if the student is dependent for financial aid purposes) or of the student
- Illness or death of an immediate family member

You can request special consideration for these circumstances through the Office of Student Financial Services. Please stop by the Millennium Student Center or give us a call to request an appointment with a financial aid coordinator. Our coordinators will work with you to assess the appropriate course of action for your situation. Additional documentation may be required.

Our office subtracts the expected family contribution (EFC), which is calculated on your FAFSA, from the estimated cost of attendance (COA). The difference is called need. The amount of any scholarship and grants you receive combined with any other need-based assistance, such as a federal work study job, cannot exceed your need. COA—EFC = NEED

Receiving Your Financial Aid

- Funds (except Federal Work Study) will be credited to your student account no sooner than 10 days before the semester starts.
- The amount of accepted aid will be split in half between the fall and spring semesters.
- Financial Aid will automatically apply to tuition, fees, and housing charges, if living on campus, on your student account. You must consent for it to cover other charges, such as bookstore charges, in MyView.
- Refunds will be processed through Student Financial Services. You can set up direct deposit in TouchNet to have any excess funds deposited into your bank account or wait for a check to be mailed to you.

Satisfactory Academic Progress

Recipients of federal financial aid are expected to make Satisfactory Academic Progress towards their degree.

Students must:

- Maintain a 2.0 cumulative GPA.
- Complete at least 66% of the classes that you enroll in each semester. An F or an EX grade will count against you.
- Complete your degree within 180 credit hours.

Failure to meet these requirements may result in the suspension of your Financial Aid and an appeals process. Appeal applications are sent to the student's UMSL email account and are due by the end of the first week of classes.

Withdrawing From Classes

- A withdrawal will affect your financial aid.
- If you withdraw before classes start, you must repay any financial aid you have received.
- If you withdraw during the semester, you may have to repay some of your financial aid.
- If you do not officially withdraw but fail to pass any classes, you will be considered unofficially withdrawn and may have to repay aid.
- A student who withdraws from all classes will have to complete the Satisfactory Academic Progress appeal for the next semester they wish to attend at UMSL.

Student Loan Information

All loans listed require you to be enrolled at least half-time (6 credit hours) in a degree-seeking program.

College Financing Plan

The College Financing Plan is a consumer tool to help you understand your financial aid package and easily compare institutions to make informed decisions about where to attend school. A link to the plan is available to you in MyView on your Accept/Decline Awards page.

Other Loan Resources

Parent PLUS and Private Loans are credit-based loans and should be used as a last resort. We encourage students to do their own research when deciding to take out an additional loan. If the loan is for anything other than tuition, ask yourself if you really need what is causing those extra expenses.

Think of college as an investment.

You pay now. It will pay off in the future.

Borrow Wisely

- Educational loans are a useful tool to pay for college, but we strongly encourage only borrowing enough to cover your educational-related expenses.
- Don't borrow more than you can reasonably afford to repay each month based on your expected income – view the Occupation Outlook Handbook: [bls.gov/ooh](https://www.bls.gov/ooh).

Spend Wisely

- Cost of living can be a major expense. Don't forget to budget mandatory expenses such as rent, utilities, groceries, internet, etc.
- Small expenses add up. Using loan money for a latte or new shoes will add up over time.
- Keep your debt low. Avoid using credit cards while in school. Live like a college student now so you won't have to when you graduate.

Ask yourself, is this something
I need or something I want?

Cost of Attendance

	Missouri/Illinois Resident	Nonresident
Direct Costs		
Tuition/Fees	\$11,330	\$29,102
Room/Dining (living on campus)	\$10,432	\$10,432
Indirect Costs		
Books/Supplies	\$1,000	\$1,000
Personal/Transportation	\$4,738	\$4,738
Estimated Cost	\$27,500	\$45,272

Note: These costs are an estimate of various university charges and educational expenses, not solely tuition and fees. These estimates include average supplemental fees that may be assessed given the courses you select. **[All costs above are based on 14 credit hours of enrollment per semester during the fall/spring traditional academic year.]** Amounts are subject to change at any time; however, any tuition or fee increases must be approved by the University of Missouri Board of Curators 30 days prior to the beginning of the academic term. These estimated costs are based on the 2020-2021 rates since new rates were not available at the time of publication.

Undergraduate Tuition Per Credit Hour

Missouri*/Illinois Residents: \$371.40**

Non-Residents: \$999.00

*The actual tuition rate is \$377.60 per credit hour. The Presidential waiver of \$6.20 reduces the rate to \$371.40.

**The actual tuition rate is \$369.30 per credit hour. The UMSL waiver of \$6.20 reduces the rate to \$371.40.

There may be additional fees or rates that apply. See the course catalog in the MyView student system to find out if a course has a course fee, supplemental fee or special rate.

Summer Financial Aid

The student loans that are offered to you are for the full academic year, including the summer semester. If you are interested in receiving loan money for the summer, do not take out the full amount between the fall and spring.

Federal Work Study

Federal Work-Study is awarded based on a student's financial need and academic level. Most jobs are on campus and you must work to earn these funds like any part-time job. Please contact our office for a separate application. If you do not qualify for work-study, check for other employment opportunities via UMSL Career Services at careerservices@umsl.edu or at: umsl.edu/depts/career/jobs.html.

Reminders and Helpful Tips

- Maximize your aid and submit your FAFSA between October 1, 2021 and February 1, 2022. You must submit the FAFSA every year.
- [Studentaid.gov](https://studentaid.gov) is a great resource with additional information on federal aid programs.
- Complete Competitive Scholarship application beginning October 1 of each year.
- Review renewal criteria for all financial aid, including scholarships, grants, work-study and loans.

For example, many grants and scholarships require full-time enrollment.

Apply to All Charges

Your Federal Financial Aid award(s) are not automatically applied toward all charges on your student account. By checking *I Agree* below, you are authorizing the University to first apply your Federal Aid towards your current term tuition, educational fees and housing charges, then apply any excess aid towards any non-educational related charges that you may have (such as bookstore charges, parking permits, etc.). You may also have up to \$200 of your current term aid applied towards a prior term balance.

By checking *I Disagree* below, you are authorizing the University to apply your Federal Aid only towards your current term tuition, educational fees and housing charges. No aid may be applied towards a prior term balance and any non-educational related charges will be billed to you. *Be advised that if you choose to make the minimum payment or a partial payment towards your bill, a finance charge of 1% of the Adjusted Amount Due will be assessed. Student accounts will be subject to a \$10 late fee if payment is not received by the due date shown on the monthly billing statement. Student accounts must be paid in full before a student will be permitted to register for upcoming terms, receive transcripts or receive a diploma.*

Your choice will remain in effect during your entire time at the University. Please contact the Cashier's Office if you wish to withdraw your agreement. If an option is not chosen within the specified time frame, it will be assumed that you are authorizing the University to apply your Federal Aid only towards your current term tuition, educational fees and housing charges.

Important Stafford Loan Information

If you are accepting a Stafford Loan, you must complete a Direct Loan Master Promissory Note and Direct Loan Entrance Counseling at StudentLoans.gov

For additional loan information go to: <http://www.umsi.edu/services/financial>

Outside Aid

Please select yes if you may be receiving scholarships, fellowships, loans, or other aid for the current aid year from outside sources. This information will help our office determine your eligibility for other types of aid and will reduce the need for future adjustments to your award.

Yes
 No

Be aware you have the option to reduce the amount of a loan offered to you by clicking **accept** and then typing in an amount.

Note: The amount you accept will split and you will receive half in the fall and half in the spring.

Once you have reviewed all of the award information and accepted, declined or reduced your awards, please click the **submit** button.

Q: What if you don't accept the full amount of your loan now, and you end up needing it later in the year?

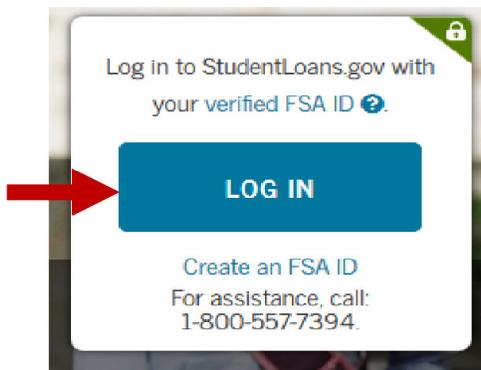

A: As long as you are eligible, awards you do not accept will still be available to you for the academic year. Contact our office to complete a Loan Adjustment Form or to check your eligibility.

Finances

After clicking **submit**, proceed through the remaining steps. You will indicate whether you agree for your awards to apply to all of your charges with the university, read important Stafford Loan information, and report if you have any outside aid that is **not** from the university.

When you arrive at the page with the green checkmark, click OK. Once you have clicked OK, you have completely accepted your awards.

If this is your first semester with UMSL, you will need to complete **Stafford Loan Entrance Counseling** and a **Master Promissory Note** at studentaid.gov. You only need to complete these two steps once while at UMSL, but you must complete them before we will disburse any aid.

Other things to know

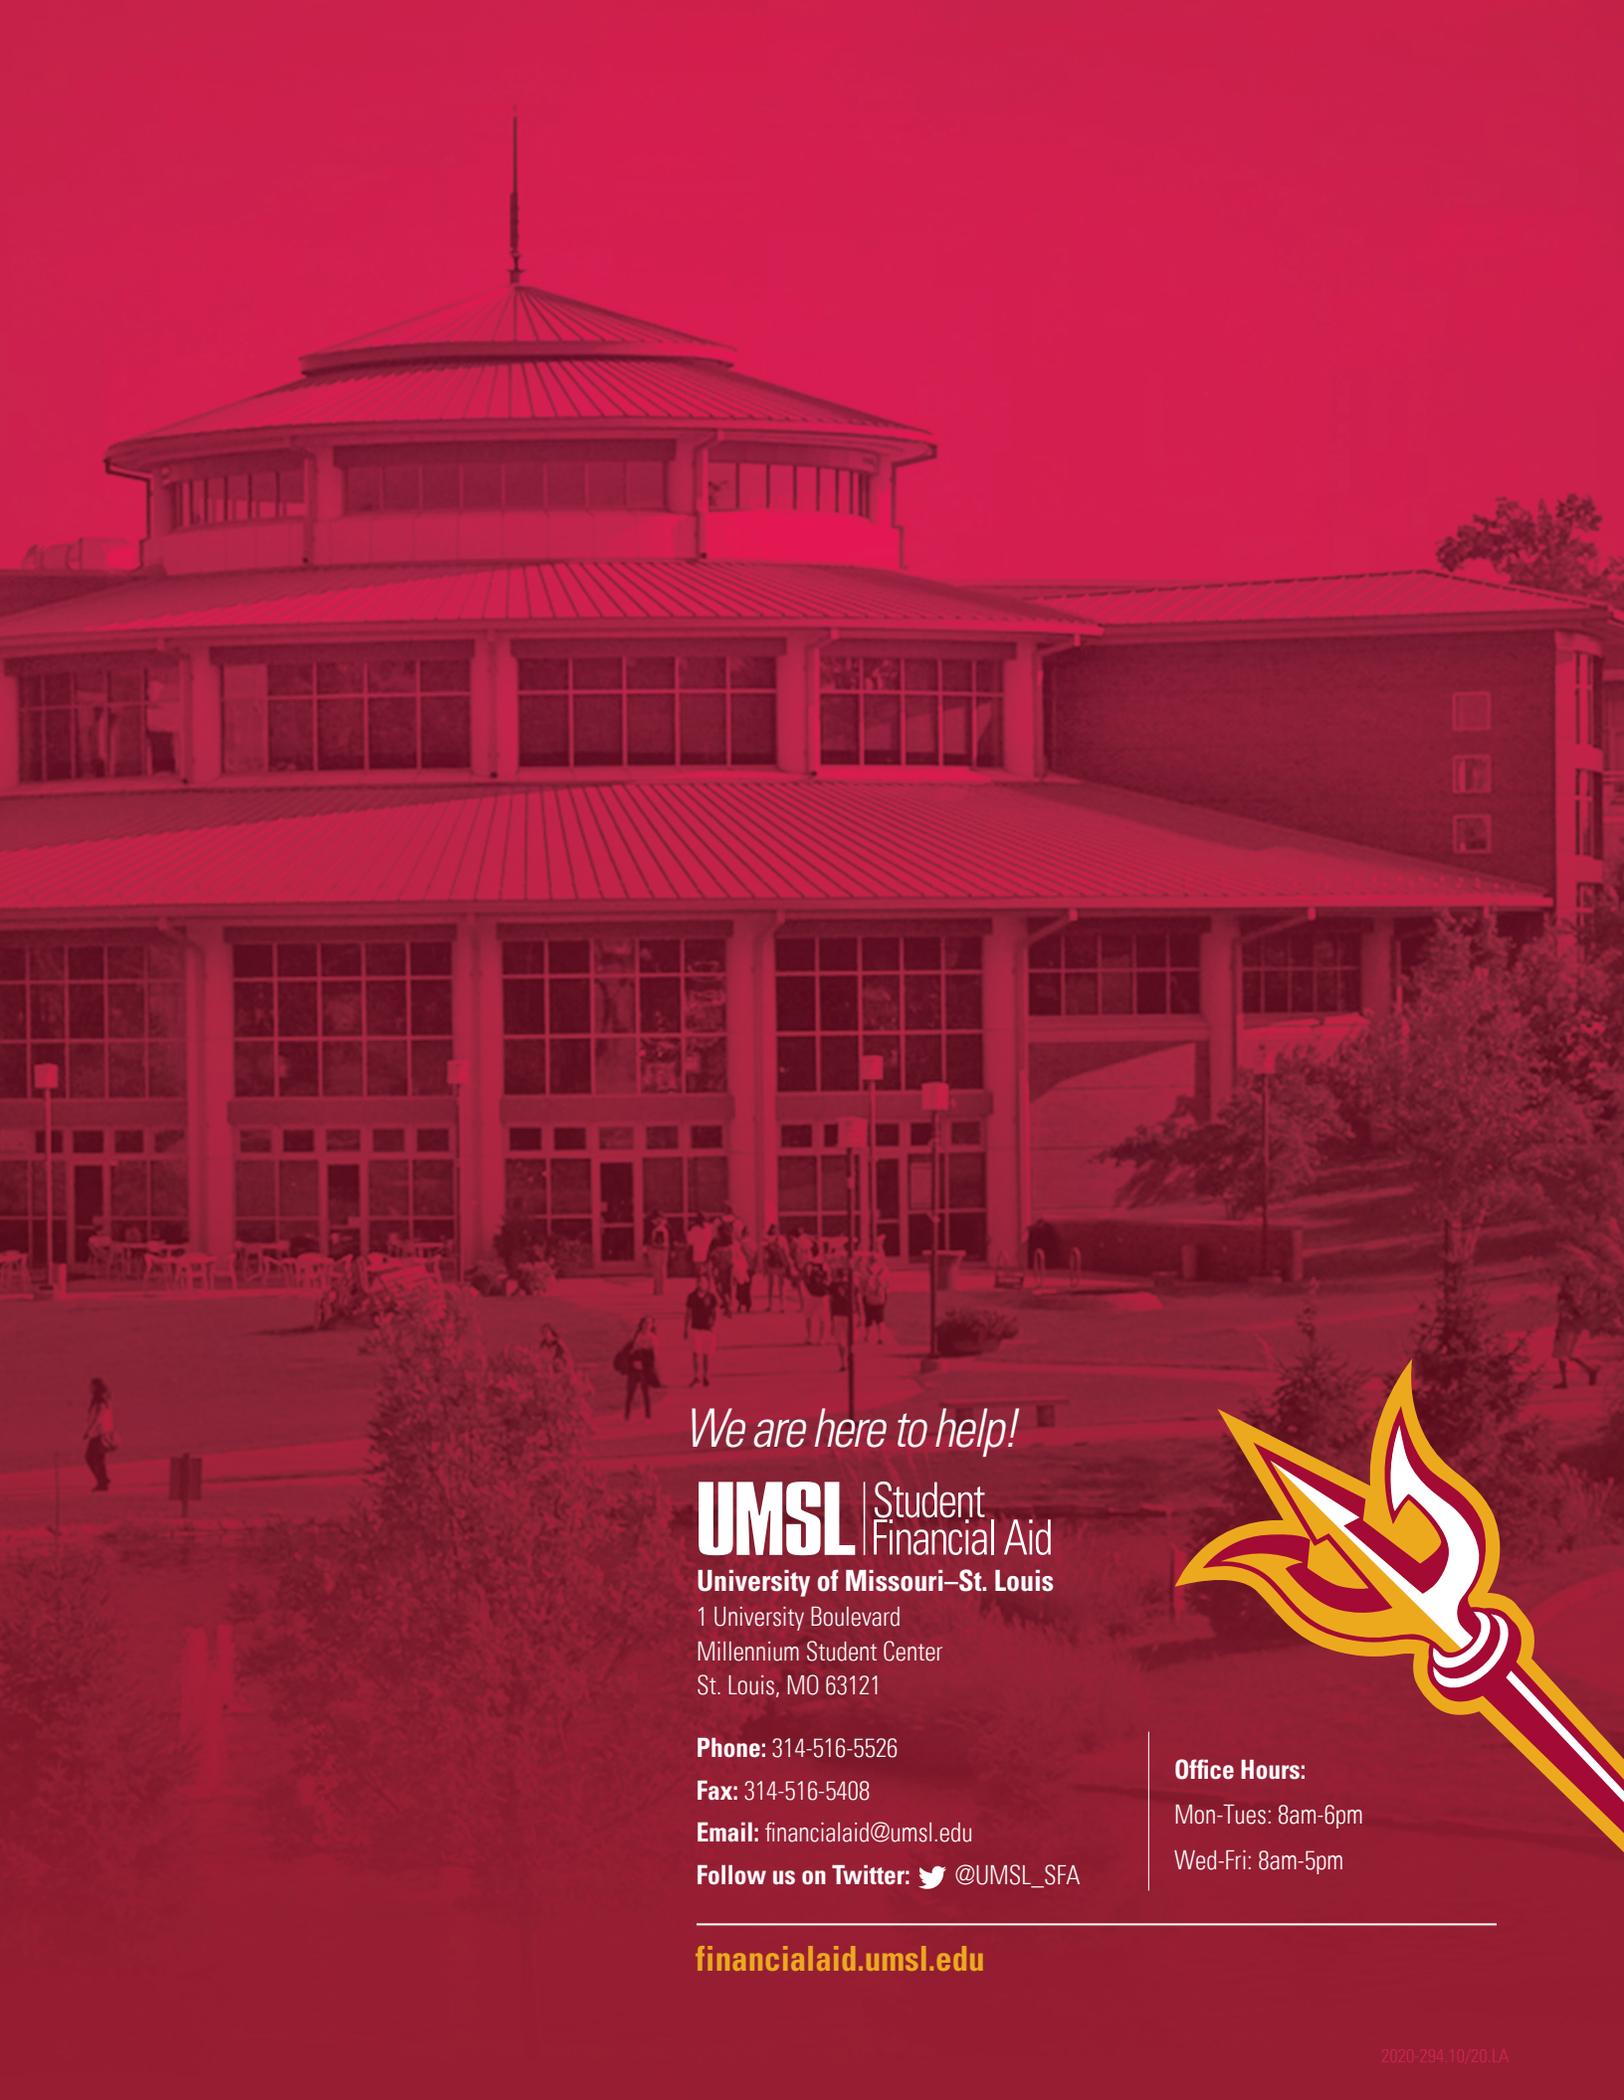

Congratulations!

You have completed the steps to accept your financial aid!

Here's a few more things you may want to know:

- You can find tons of information, deadlines and forms on our website at financialaid.umsl.edu.
- We will begin disbursing financial aid to your student account no sooner than 10 days before the semester starts.
- Keep an eye on your bill. Payments are due on the first of every month, so keep track of your finances in MyView under **Self Service > Campus Finances > View My Bill**.
