Now Hiring Counselors in Caseyville, IL

As Illinois’ largest provider of substance abuse treatment, joining the team at Gateway Foundation Alcohol & Drug Treatment offers valuable experience with a variety of treatment methods as well as an opportunity to collaborate with skilled experts about a diverse clientele.

In addition to a competitive salary, Gateway offers employees health benefits, dental insurance, career advancement, training and development and on-site clinical supervision to individuals pursuing certifications and licensures.

**Our Residential Substance Abuse Counselors are responsible for:**

- Preparing and facilitating group counseling sessions, educational programs, and lectures to assist clients in meeting therapeutic goals
- Conducting individual counseling to provide crises intervention, support & guidance, and address client behaviors and personal problems
- Documenting clients’ progress and responses to treatment
- Maintaining client records; ensuring records are complete, accurate, and up to date
- Monitoring client behavior during social, recreational, or daily activities

**The ideal candidate will possess:**

- Bachelor's degree in psychology, counseling, social work, or a related field preferred (High school diploma or equivalency required)
- Related work experience with a program specific population (adolescent/adult) in a residential treatment setting required
