HELLO SUMMER 2022!

Information Technology Services is here for your summer technology needs!

For IT safety travel tips, visit: https://www.umsystem.edu/ums/is/infosec/online-safety-while-traveling

Faculty and Staff: Desktop Administrative Access Limitations

UMSL Faculty and Staff: Desktop administrative access restrictions will be starting soon! Be on the lookout in your email for more details to follow!

ITS is hiring!

Are you or someone you know interested in working in technology?

ITS has positions available and seeking qualified individuals to join our team!

For More information, visit: https://www.umsl.edu/services/hr/careers/staff.html

Email Sweep Project Discontinued

Due to unforeseen Microsoft technical issues, the email sweep project planned for June 30th will no longer occur. There are no changes planned at this time.
Did you know?

Did you know you can extend your on-campus phone to your mobile device or home computer by using a softphone?

What is softphone? A softphone is a program you can install on your computer that will make and receive calls exactly as your UMSL desk phone would, using your UMSL phone number.

Benefits to using a softphone:

- Easy access to UMSL’s telephone directory. You can look up an on-campus phone number by typing the name of the person you are trying to reach.
- Make calls from your campus number so you do not have to give your personal number out.

For installation instructions, visit:
**Technology Support Center**

**Summer 2022 Hours**

**190 MSC Office Hours**
Monday to Friday 8AM-5PM

**Phone Support Hours**
Monday to Friday 8AM-7PM
