

Wireless Network Configuration → iOS (iPhone / iPad / iPod Touch)

In order to connect to the encrypted wireless network on an iOS device, please follow these steps:

1. Click on 'Settings'
2. Click on 'Wi-Fi'
3. Under 'Choose a Network' click on 'TritonNet'
4. Enter your username (ssoid) and password.
5. You will be prompted to accept a certificate from 'InCommon Server CA'. Touch 'Trust'.

6. You are now connected to the TritonNet network.

Note: If the screen gets stuck with the message 'joining' click cancel and start over. Periodically the iPhone will not catch on the first try.
