

**ASSOCIATE OF ARTS  
TO A  
BACHELOR OF ARTS IN CHEMISTRY**

**UNIVERSITY OF MISSOURI – ST. LOUIS &  
ST. LOUIS COMMUNITY COLLEGE  
TRANSFER GUIDE**

This Guide is intended for the use of students who plan on transferring from St. Louis Community College (STLCC) with a completed Associate of Arts to the University of Missouri – St. Louis (UMSL) to pursue a Bachelor of Arts in Chemistry.

For more information on UMSL's Bachelor of Arts in Chemistry, please visit our online [Course Catalog](#).

The following are the requirements of the STLCC Associate of Arts degree program as they are recommended for students intending to continue on into UMSL's Bachelor of Arts in Chemistry. Completing these requirements as they are recommended here will maximize the transferability of a student's coursework toward their UMSL Bachelors degree. Further details of this Associates degree program, as well as comprehensive lists of courses that satisfy each General Education component, may be found within the STLCC course catalog or may be obtained through a STLCC advisor.

This guide is intended for use under advisement of a STLCC Academic Advisor or UMSL Transfer Specialist and is not considered to be substitution of such advisement.

\* Students pursuing a Bachelor of Arts in Chemistry at UMSL must complete three levels of coursework in a Foreign Language. At STLCC, a student can complete all three of these levels in French, German, and Spanish though the completion of one of the following sequences of courses: FRE 101, FRE 102, and FRE 201; GER 101, GER 102, and GER 201; or SPA 101, SPA 102, and SPA 201. Alternatively, a student can complete the first two levels of a Japanese sequence at STLCC with JPN 101 and JPN 102, but would need to complete the third level at UMSL after transferring. Lastly, a student can complete the first two levels of an Italian sequence at STLCC with ITL 103 and ITL 104. However, UMSL does not offer coursework in Italian and so the student would then need to complete the third level of Italian with another institution.

Students that plan to transfer to UMSL to pursue a Bachelor of Arts in Chemistry but do not wish to complete an Associates degree at STLCC should focus on completing the **Highlighted Courses** above in conjunction with those outlined in the [STLCC General Education Transfer Guide](#).
