ASSOCIATE OF APPLIED SCIENCE IN NURSING TO A BACHELOR OF SCIENCE IN NURSING

UNIVERSITY OF MISSOURI – ST. LOUIS & LEWIS & CLARK COMMUNITY COLLEGE
TRANSFER GUIDE

This Guide is intended for the use of students who plan on transferring from Lewis & Clark Community College (L&C) to the University of Missouri – St. Louis (UMSL) to pursue a Bachelor of Science in Nursing: RN to BSN Completion program. This guide is intended for use under advisement of a UMSL Transfer Coordinator.

The UMSL RN to BSN Completion Program is designed to be a flexible option, completed in five consecutive terms after transfer. Courses can be taken online or on the UMSL campus one evening per week. For more information on this program, please visit the UMSL College of Nursing’s website. Also, it is highly recommended that prospective Nursing students meet with the UMSL College of Nursing as early as possible to make sure that they have all information relevant to their degree progress. The UMSL College of Nursing can be reached at (314) 516-6066 to schedule an information session.

The following are the requirements of the Lewis and Clark Community College Associate in Applied Science in Nursing degree program as they are recommended for students intending to continue on into UMSL’s RN to BSN Completion program. Completing these requirements as they are recommended here will maximize the transferability of a student’s coursework toward their UMSL Bachelor’s degree. Further details of this Associates degree program may be found within the Lewis and Clark course catalog or may be obtained through a Lewis and Clark advisor. This guide is intended for use under advisement of a Lewis and Clark Academic Advisor and UMSL Transfer Specialist and is not considered to be substitution of such advisement. For any questions regarding this guide, please contact the UMSL Office of Transfer Services at (314) 516-5162.

Program Entrance Requirements
Students must meet the admission requirements as established by Lewis and Clark Community College. Please contact the Nursing department at (618) 468-4401 for further information.
