

ASSOCIATE OF ARTS IN TEACHING
TO A
BACHELOR OF SCIENCE IN EDUCATION-MIDDLE SCHOOL

**UNIVERSITY OF MISSOURI – ST. LOUIS &
ST. LOUIS COMMUNITY COLLEGE
TRANSFER GUIDE**

This Guide is intended for the use of students who plan on transferring from St. Louis Community College (STLCC) with a completed Associate of Arts in Teaching to the University of Missouri – St. Louis (UMSL) to pursue a Bachelor of Science in Elementary Education-Middle School Certification.

For more information on UMSL's Bachelor of Science in Elementary Education-Middle School Certification, please visit our online Course Catalog.

The following are the requirements of the STLCC Associate of Arts in Teaching degree program as they are recommended for students intending to continue on into UMSL's Bachelor of Science in Elementary Education-Middle School Certification. Completing these requirements as they are recommended here will maximize the transferability of a student's coursework toward their UMSL Bachelor's degree. Further details of this Associates degree program, as well as comprehensive lists of courses that satisfy each General Education component, may be found within the STLCC course catalog or may be obtained through a STLCC advisor.

Due to course requirements for professional licensing, CORE 42 is not the suggested route of transfer for those seeking a Bachelor of Science in Elementary Education-Middle School Certification degree from UMSL. Students may opt for CORE 42, but additional general education courses may be needed due to DESE requirements.

This guide is intended for use under advisement of a STLCC Academic Advisor or UMSL Transfer Specialist and is not considered to be substitution of such advisement.

All students at UMSL seeking the Bachelor of Science in Education must choose a concentration area. Options include: Language Arts, Science, Math, and Social Studies. Each concentration requires additional coursework in the designated subject area.
