This Guide is intended for the use of students who plan on transferring from St. Louis Community College (STLCC) to the University of Missouri – St. Louis (UMSL) to pursue a Bachelor of Science in Electrical Engineering through the UMSL/Washington University (WUSTL) Joint Engineering Program. This guide is intended for use under advisement of a UMSL Transfer Coordinator. Students also have the option to pursue an Associate in Science at STLCC prior to transferring to UMSL, though it is not the recommended option.

The UMSL/WUSTL Joint Engineering Program offers UMSL students the opportunity to pursue a variety of engineering degree options while taking advantage of the resources, facilities, and faculty provided at WUSTL. The upper-division engineering courses are offered in the evenings and on Saturdays on the WUSTL campus and are taught by WUSTL faculty. This schedule permits students to co-op during the day at local engineering firms. Tuition for the engineering courses is the UMSL tuition rate with a small additional fee. Students of this program are also able to utilize student services provided by both institutions. For more information on the UMSL/WUSTL Joint Engineering Program, please visit their [website](#).

**PRE-ENGINEERING SEQUENCE**

The following requirements must be completed for a student to be eligible to take formal Engineering courses through the UMSL/WUSTL Joint Engineering Program. These requirements may be completed at either UMSL or STLCC and included here are any STLCC courses that fulfill corresponding requirements. Unless stated otherwise, all pre-engineering courses must be completed with a C- grade or higher to fulfill the requirements of this program.

- A student must earn a 2.75 GPA over this sequence of pre-engineering courses.
- Chemistry - CHM 105 General Chemistry I (MOTR CHEM 150L) (5)
- Calculus I, completed a C grade or higher - MTH 210 Analytic Geometry & Calculus I (5)
- Calculus II - MTH 220 Analytic Geometry & Calculus II (5)
- Calculus III - MTH 230 Analytic Geometry & Calculus III (5)
- Differential Equations - MTH 240 Differential Equations (3)
- Calculus-Based Physics I - PHY 122 Engineering Physics I (MOTR PHYS 200L) (5)
- Calculus-Based Physics II - PHY 223 Engineering Physics II (5)
- Engineering-Statics - ESC 203 Engineering Mechanics I (3)
- Engineering-Dynamics - ESC 204 Engineering Mechanics II (3)

**GENERAL EDUCATION**

The following are the general education requirements of the UMSL/WUSTL Joint Engineering Program. It is recommended that the student complete these requirements while completing those above in the pre-engineering sequence. Included here are any STLCC courses that fulfill corresponding requirements.

- First-Year Writing - Complete 1 course from the following with C- grade or higher:
  - ENG 101 College Comp I (MOTR ENGL 100) (3)
  - ENG 102 College Comp II (MOTR ENGL 200) (3)
- Engineering Ethics - This course must be completed at UMSL.
- Philosophy of Science - This course must be completed at UMSL.

The information in this Transfer Guide is in accordance with the published 2020-21 Course Catalogs of both UMSL and STLCC.
American History - Complete 1 course from the following:
  HST 101 United States History to 1865 (MOTR HIST 101) (3)
  HST 102 US History 1865 to the Present (MOTR HIST 102) (3)

Cultural Diversity Social Science - ANT 102 Intro to Cultural Anthropology (MOTR ANTH 201) (3)

Additional Social Science – Complete 2 courses from CORE 42/MOTR Social and Behavioral Sciences list. Other courses can also be used, please check with UMSL advisor for other options.

For any questions regarding this guide please contact the UMSL Office of Transfer Services at (314) 516-5162.
