This guide is intended for students who plan on transferring from Mineral Area College (MAC) to the University of Missouri – St. Louis (UMSL) without a completed Associate in Arts.

The General Education Transfer Guide will utilize MOTR courses to fulfill the general education requirements for UMSL. This is a 42 core block of courses that will be guaranteed to transfer to UMSL and fulfill the general education requirement for UMSL.

This guide is intended to fuse under the advisement of a MAC Academic Advisor or UMSL Student Recruitment Specialist and is not considered substitution of such advisement.

**HOW TO USE THIS GUIDE**

Below are lists of MAC courses. Each list contains a requirement in the UMSL General Education Program and the MAC courses that will transfer and fulfill all or a portion of that requirement. Unless stated otherwise, all Bachelor degree programs at UMSL include these requirements and so a student wishing to attend MAC and not complete an Associate in Arts degree can select courses from this guide to fulfill each of these requirements and know that they will apply to just about any major.

- A number listed in Parentheses, (#), following a course is the number of credit hours earned at MAC for completing that course.
- Unless stated otherwise, requirements below can be satisfied by courses passed with a D- grade or higher.
- Unless stated otherwise, a course may only satisfy one requirement.

Students may also opt to complete the CORE 42 general education block to meet the general education requirements at UMSL. Students who start the CORE 42 block but do not finish it before transferring to UMSL may be subject to completing UMSL's general education requirements.
