\* The UMSL Bachelor of Arts in Modern Language: Concentration in Japanese requires a student to complete a Japanese course every semester for eight semesters to be able to graduate in four years. MAC does not offer coursework in Japanese, and so if a student were to complete an Associate in Arts degree at MAC without any Japanese and then transfer, they would still have four years to go to graduate. Therefore, it is recommended that a student begin attending UMSL through dual enrollment while working on their Associates and take a Japanese course each semester. These courses can then be transferred back to SWIC to apply toward the Elective Coursework of this Associates program and the student will be able to graduate with their Bachelors degree in four years.
