Communication BA
with an emphasis in Mass Communication

This emphasis area focuses on forms of communication that seek to reach broad audiences, such as news, movies, entertainment programming, video games, advertising, and social media. Courses address business strategies behind these forms of mass communication, how they are created, and how they affect individuals and society. Students pursuing this emphasis area gain a deeper understanding of some of the most fascinating and influential institutions in today’s society.

Career Outlook
Work for writers and editors in the media industry is consistently available, and some specializations have growing demand. Excellence in the analytical and research skills covered in this emphasis area open opportunities in market and media research, which the Bureau of Labor Statistics predicts will grow much faster than average.

Future Career Options
• Writer
• Editor
• Market Researcher
• Media analyst
• University Professor

Skills developed through degree completion
• Learn how media industries, such as television, film, video games, radio, recorded music, and advertising, function as businesses and as forms of creative expression
• Understand how the growth of digital technology and social media has affected and changed media industries
• Appreciate how media content plays a role in socialization and learning
• Explore ways in which media content and technologies impact people’s behaviors, thoughts, and emotions
• Recognize the various ways individuals interact with media, what needs media fulfill for them, and how this affects their experience with media

Successful alumni have gone on to fulfill many of the opportunities above. Additional possibilities are taken from the Bureau of Labor Statistics. Contact an advisor to discuss additional future career options.
