<p>Dates: May 16-June-11. Prerequisite of "Consent of Instructor" has been waived for summer session.</p> <p>The first class session, May 16, will meet in Clark 106. Students will drive to Excelsior Springs on that date. All other classes will meet in the field from 9:00 am - 3:30 pm:</p> <p>This course will be working with the City of Excelsior Springs, Missouri. We will be excavating a historic mineral spring area once nationally known for its mineral waters. These waters were prescribed to remedy all sorts of ailments and to promote overall good health. The spring area has been sporadically flooded through the years resulting in great damage and eventual destruction of the bottling plant and pavilions. This year, we hope to relocate the lost pavilions and bottling plant and learn more about the visitors to this popular turn of the century tourist attraction by what they left behind. Students will be staying at the nearby group lodge at Lake Mauer. During the field school, students will gain valuable experience in excavating, mapping, surveying, artifact analysis, and many other important skills necessary for any archaeological excavation.</p> <p>Additional Travel Fee- \$225 per student.</p> <p>Additional travel fee required and can be paid by calling 314-516-7454 or by visiting http://pscatalog.umsl.edu/.</p>
