Clinician I - Choices Counseling (Troy, IL Office/Up to 50% Remote)

Choices Counseling Inc. is an outpatient mental health facility located in Troy, Illinois, with satellite offices located in Mt. Vernon, Illinois and Marion, Illinois. We believe that with the right support and treatment, meaningful behavioral change is possible and we specialize in forensic and trauma focused work, as well as general mental health diagnoses. We are looking to add passionate and talented professionals to our team at our home office in Troy, IL. This entry-level clinical counseling and assessment position is focused on service delivery that may be a single referral issue, focused or varied.

Your caseload may consist of providing individual and/or group therapy and administering assessments for pre-adolescents, teenagers, and/or adults based on clinical training and experience. Optional training opportunities are available to develop clinical skills in DBT, EMDR, TF-CBT, and/or Motivational Interviewing.

As a Clinician you will:
- Provide group, individual and telehealth counseling to pre-adolescent, teenage, and adult clients with a wide range of mental health diagnoses
- Apply multiple treatment modalities, including CBT, Trauma Focused CBT, Motivational Interviewing, DBT, and EMDR (Optional training is provided)
- Assist in the administering of various cognitive ability and personality assessments to create reports that inform treatment plans and identify clients’ core personality traits, strengths and potential development opportunities
- Use clinical knowledge, interviews, assessments, observations, and relevant experience to determine clients’ physical and/or mental conditions and develop and implement relevant treatment plans
- Work with various individuals including probation officers, police, families and other interested parties to exchange and gather necessary information during the treatment process
- Collaborate with other team members to perform clinical assessments, develop treatment plans, and identify strategies to aid in clients’ success

Required Qualifications:
- Master’s level education in Psychology, Social Work, Rehabilitation, or other mental health graduate programs. **New graduates are encouraged to apply.**
- Be license eligible or provisionally licensed
- Must have the ability to work one evening per week until 7:30 PM
- Willingness to use a collaborative approach to client care and be passionate about providing mental health treatment to a variety of clients
- Ability to work autonomously, manage your time effectively and be reliable for the benefit of client outcomes

Preferred Qualifications:
• LCPC, LCSW or LMFT license
