Spring 2021 Tutoring and Study Support

Peer tutors (drop-in appointments) and a peer advisor-tutor (scheduled in advance) are available free of charge for help staying on track with studying, assignments and test preparation. You can use this time to get started on an assignment, study for a test, when you have specific questions, and as a way to keep focused on schoolwork by scheduling study time with a tutor. If the tutor is working with another student at the time you enter the Zoom meeting, you may be placed on hold for no longer than 15 minutes prior to being admitted to the session.

Students can use a link for a video Zoom session or dial in using their telephone for support.
